Demolishing the Myth Nov 08 2020 "A groundbreaking book when first published in Russia in 2005, now Valeriy Zamulin's study of the crucible of combat during the titanic clash at Kursk - the fighting at Prokhorovka - is available in English. A former staff member of the Prokhorovka Battlefield State Museum, Zamulin has dedicated years of his life to the study of the battle of Kursk, and especially the fighting on its southern flank involving the famous attack of the II SS Panzer Corps into the teeth of deeply-echeloned Red Army defenses. A product of five years of intense research into the once-secret Central Archives of the Russian Ministry of Defense, Zamulin lays out in enormous detail the plans and tactics of both sides, culminating in the famous and controversial clash at Prokhorovka on 12 July 1943. Zamulin skillfully weaves reminiscences of Red Army and Wehrmacht soldiers and officers into the narrative of the fighting, using in part files belonging to the Prokhorovka Battlefield State Museum. Zamulin has the advantage of living in Prokhorovka, so he has walked the ground of the battlefield many times and has an intimate knowledge of the terrain. Examining the battle from primarily the Soviet side, Zamulin reveals the real costs and real achievements of the Red Army at Kursk, and especially Prokhorovka. He examines mistaken deployments and faulty decisions that hampered the Voronezh Front's efforts to contain the Fourth Panzer Army's assault, and the valiant, self-sacrificial fighting of the Red Army's soldiers and junior officers as they sought to slow the German advance, and then crush the II SS Panzer Corps with a heavy counterattack at Prokhorovka on 12 July. The combat on this day receives particular scrutiny, as Zamulin works to clarify the relative size of the contending forces, the actual area of this battle, and the costs suffered by both sides. The costs to General P. A. Rotmistrov's 5th Guards Tank Army and General A. S. Zhadov's 5th Guards Army as they slammed into 1st SS Panzer Grenadier Division Leibstandarte Adolf Hitler, 3rd SS Panzer Grenadier Division Totenkopf and a portion of 2nd SS Panzer Grenadier Division Das Reich were particularly devastating, and Zamulin examines the nuts and bolts of the counteroffensive to see why this was so. Zamulin does not exclude the oft-overlooked efforts of Army Group Kempf's III Panzer Corps on the right-wing of the Fourth Panzer Army, as it sought to keep pace with the II SS Panzer Corps advance, and then breach the line of the Northern Donets River in order to link up with its left-hand neighbor in the region of Prokhorovka. Zamulin describes how the Soviet High Command and the Voronezh Front had to quickly cobble together a defense of this line with already battered units, but needed to reinforce it with fresh formations at the expense of the counterstroke at Prokhorovka. Printed on heavy stock gloss paper, illustrated with many photographs (including a colour section showing present-day views of the battlefield), specially-commissioned color maps and supplemented with extensive tables of data, Zamulin's book is an outstanding contribution to the growing literature on the battle of Kursk, and further demolishes many of the myths and legends that grew up around this battle."

Battle of Forms Feb 09 2021 Felix Aden behandelt den Konflikt konkurrierender allgemeiner Gesch äftsbedingungen (battle of forms) im Wege eines multilateralen Rechtsvergleichs. Dabei stellt sich die Frage, ob und in welchem Umfang zwischen den vertragschließenden Parteien ein Konsens besteht. Kommt ein Vertrag zustande? Welchen Inhalt hat dieser Vertrag und nach welchen Kriterien wird festgelegt, wessen Formularbedingungen gelten? Und: Nach welchem Recht ist der battle of forms zu entscheiden, wenn die Parteien in ihren Formularbedingungen unterschiedliche Rechtswahlklauseln verwenden? Der multilaterale Rechtsvergleich eröffnet einen umfassenden Blick auf den battle of forms und die vielf ältigen Lösungsansätze hierzu.

Battle of Wits Jul 29 2022 "This is the story of the Allied codebreakers puzzling through the most difficult codebreaking problems that ever existed.

[The Most Dangerous Enemy](#) Jan 29 2020 "The magnitude and vital importance of the Battle of Britain has found a superb chronicler in Stephen Bungay, whose book is the best single-volume history to be published in over a decade." - Andrew Roberts Stephen Bungay's magisterial history is acclaimed as the account of the Battle of Britain. Unrivalled for its synthesis of all previous historical accounts, for the quality of its strategic analysis and its truly compulsive narrative, this is a book ultimately distinguished by its conclusions - that it was the British in the Battle who displayed all the virtues of efficiency, organisation and even ruthlessness we habitually attribute to the Germans, and they who fell short in their amateurism, ill-preparedness, poor engineering and even in their old-fashioned notions of gallantry. An engrossing read for the military scholar and the general reader alike, this is a classic of military history that looks beyond the mythology, to explore all the tragedy and comedy; the brutality and compassion of war.

Braddock's Defeat Jul 17 2021 On July 9, 1755, British and colonial troops under the command of General Edward Braddock suffered a crushing defeat to French and Native American enemy forces in Ohio Country. Known as the Battle of the Monongahela, the loss altered the trajectory of the Seven Years' War in America, escalating the fighting and shifting the balance of power. An unprecedented rout of a modern and powerful British army by a predominantly Indian force, Monongahela shocked the colonial world--and also planted the first seeds of an independent American consciousness. The culmination of a failed attempt to capture Fort Duquesne from the French, Braddock's Defeat was a pivotal moment in American and world history. While the defeat is often blamed on blundering and arrogance on

the part of General Braddock—who was wounded in battle and died the next day—David Preston's gripping new work argues that such a claim diminishes the victory that Indian and French forces won by their superior discipline and leadership. In fact, the French Canadian officer Captain Beaujeu had greater tactical skill, reconnaissance, and execution, and his Indian allies were the most effective and disciplined troops on the field. Preston also explores the long shadow cast by Braddock's Defeat over the 18th century and the American Revolution two decades later. The campaign had been an awakening to empire for many British Americans, spawning ideas of American identity and anticipating many of the political and social divisions that would erupt with the outbreak of the Revolution. Braddock's Defeat was the defining generational experience for many British and American officers, including Thomas Gage, Horatio Gates, and perhaps most significantly, George Washington. A rich battle history driven by a gripping narrative and an abundance of new evidence, Braddock's Defeat presents the fullest account yet of this defining moment in early American history.

The Battle of Midway Mar 25 2022 In comic book format, describes the battle, including U.S. and Japanese strategy, early Japanese confidence, and the ultimate American victory that ended the Japanese offensive and presaged the country's ultimate defeat.

D-Day Oct 20 2021 Stephen E. Ambrose 's D-Day is the definitive history of World War II 's most pivotal battle, a day that changed the course of history. D-Day is the epic story of men at the most demanding moment of their lives, when the horrors, complexities, and triumphs of life are laid bare. Distinguished historian Stephen E. Ambrose portrays the faces of courage and heroism, fear and determination—what Eisenhower called “ the fury of an aroused democracy ” —that shaped the victory of the citizen soldiers whom Hitler had disparaged. Drawing on more than 1,400 interviews with American, British, Canadian, French, and German veterans, Ambrose reveals how the original plans for the invasion had to be abandoned, and how enlisted men and junior officers acted on their own initiative when they realized that nothing was as they were told it would be. The action begins at midnight, June 5/6, when the first British and American airborne troops jumped into France. It ends at midnight June 6/7. Focusing on those pivotal twenty-four hours, it moves from the level of Supreme Commander to that of a French child, from General Omar Bradley to an American paratrooper, from Field Marshal Montgomery to a German sergeant. Ambrose 's D-Day is the finest account of one of our history 's most important days.

The Burning Blue Jan 11 2021 This book reviews the Battle from both the British and the German sides, drawing on the latest research by military historians in both countries. It brings together for the first time the facts, the legends, the memories and the judgement of historians in a panoramic re-assessment of one of the most famous battles of all time.

The Battle of An Loc Nov 20 2021 A firsthand account of the sixty-day siege of An Loc presents a detailed overview of the 1972 North Vietnamese Easter Offensive, focusing on the fighting in Binh Long Province, Saigon, and the siege of An Loc.

To the Last Man Oct 08 2020 "Examines the Battle of the Alamo, including its causes, leaders, and results"--

Battle of the Boss-Monster Aug 18 2021 In the year since Alexander and his father moved to Stermont, he and his friends in the Super Secret Monster Patrol of Stermont Elementary have defeated all kinds of monsters, but now they face their greatest challenge, the boss-monster who has kidna

The Battle of Petersburg, June 15-18, 1864 Oct 27 2019 The Battle of Petersburg was the culmination of the Virginia Overland campaign, which pitted the Army of the Potomac, led by Ulysses S. Grant and George Gordon Meade, against Robert E. Lee's Army of Northern Virginia. In spite of having outmaneuvered Lee, after three days of battle in which the Confederates at Petersburg were severely outnumbered, Union forces failed to take the city, and their final, futile attack on the fourth day only added to already staggering casualties. By holding Petersburg against great odds, the Confederacy arguably won its last great strategic victory of the Civil War. In The Battle of Petersburg, June 15-18, 1864, Sean Michael Chick takes an in-depth look at an important battle often overlooked by historians and offers a new perspective on why the Army of the Potomac's leadership, from Grant down to his corps commanders, could not win a battle in which they held colossal advantages. He also discusses the battle's wider context, including politics, memory, and battlefield preservation. Highlights include the role played by African American soldiers on the first day and a detailed retelling of the famed attack of the First Maine Heavy Artillery, which lost more men than any other Civil War regiment in a single battle. In addition, the book has a fresh and nuanced interpretation of the generalships of Grant, Meade, Lee, P. G. T. Beauregard, and William Farrar Smith during this critical battle.

The First Battle of the Marne 1914 Aug 06 2020 In 1914 the Germans launched an offensive that swept through Belgium and into France, threatening to crush French resistance in one fell swoop. However, through careful maneuvering and stubborn resistance, the French Army, aided by the BEF, blunted the assault, winning an important strategic victory that kept France in the war. This victory ensured that Germany would have to fight a two-front war, and the Western Front descended into the stalemate of trench warfare. One of the most important battles in the First World War, the First Battle of the Marne would be the last battle of maneuver to be seen on the Western Front for several years to come.

The Battle of The Bulge Apr 13 2021 Explains the events of the Battle of the Bulge in graphic novel format.

The Battle of Maldon Nov 28 2019 Depicting one of the defining conflicts of tenth-century England, The Battle of Maldon immortalises the bloody fight that took place along the banks of the tidal river Blackwater in 991, poignantly expressing the lore and language of a determined nation faced with the advance of a ruthless and relentless enemy. But, as Mark Atherton reveals, The Battle of Maldon is more than a heroic tale designed to inspire courage and unity in a time of crisis: rather, it celebrates ideals of loyalty and friendship and commemorates an event which changed the face of English culture. Using Atherton's own vivid and illuminating translations from Old English, The Battle of Maldon: War and Peace in Tenth-Century England evokes the chaotic ebb and flow of the battle while also placing 'Maldon' in the context of its age. Seeking to reconstruct the way of life, the spirituality and the worldview of the original audience, Atherton examines how and why the poem encouraged its readers to relive the visceral experience of battle for themselves. With this exciting study, Atherton provides an authoritative treatment of this iconic text, its history and its legacy. As such, this important book will be a vital resource for all readers of Old English literature and early medieval history.

Dark December Sep 06 2020 Originally published in 1947 by Ziff-Davis Pub. Co.

Kampfgruppe Peiper at the Battle of the Bulge Jul 05 2020 Day-by-day account of a Waffen SS battle group during a pivotal World War II battle Groundbreaking you-are-there approach integrates eyewitness reports, maps, period and modern photos, orders of battle, and

thumbnail profiles of men and tanks Reconsideration of the Malmedy Massacre On December 16, 1944, Hitler's last great offensive of World War II commenced, pushing through the Ardennes in an attempt to reach the Meuse River and, beyond it, the Allies' supply ports. Equipped with Tiger tanks, Kampfgruppe Peiper, Germany's most powerful battle group, spearheaded the offensive but failed to reach the Meuse. Using a wide variety of sources, the authors tell the story of Kampfgruppe Peiper in unprecedented detail, from the first day of the invasion through the group's retreat on Christmas Day.

Last Assault Mar 01 2020 Were the Americans caught unawares at the outset of the Battle of the Bulge? Whiting argues that the answer is very probably that they were not. If the Americans knew that the Germans were coming, why didn't they reinforce the troops on the weakly front line?

The Battle of Marne, 1914 Sep 26 2019 The First Battle of the Marne was one of the most pivotal battles in history. Fought outside Paris in September 1914, it turned the tide of the German invasion of France, and robbed Kaiser Wilhelm II of his best chance of winning the First World War. The battle began when the French and British armies launched a massive counter-offensive, and it ended after five, tense days of fluctuating fortunes in a German retreat. The so-called miracle of the Marne was among the most crucial episodes of the war, and yet no complete, in-depth guide to the battlefield has been available until now in English. Andrew Uffindell begins his guidebook with a gripping account of the battle, followed by a series of easy-to-follow tours of the battlefield. Each tour covers a particular sector in detail, using vivid eyewitness accounts to reveal what the fighting was like for the men in the front line. This unique and highly illustrated book enables readers to explore the battlefield and retrace the course of those dramatic events for themselves. It gives directions to dozens of museums, cemeteries, and monuments, including the memorials to the famous 'taxis of the Marne'. It will be fascinating reading for anyone interested in the Great War, and an essential companion for visitors keen to see the actual terrain over which the battle was fought.

Patton at the Battle of the Bulge May 27 2022 December, 1944. For the besieged American defenders of Bastogne, time was running out. Hitler's forces had pressed in as their ammunition dwindled, and the weary paratroopers of the 101st Airborne could only hope for a miracle—a miracle in the form of General George S. Patton and his Third Army. Here, Army veteran and historian Leo Barron explores one of the most famous, yet little understood, clashes of the war, a vitally important chapter in one of history's biggest battles.

The Battle of New Orleans Jun 03 2020 The Battle of New Orleans was the climactic battle of America's "forgotten war" of 1812. Andrew Jackson led his ragtag corps of soldiers against 8,000 disciplined invading British regulars in a battle that delivered the British a humiliating military defeat. The victory solidified America's independence and marked the beginning of Jackson's rise to national prominence. Hailed as "terrifically readable" by the Chicago Sun Times, The Battle of New Orleans is popular American history at its best, bringing to life a landmark battle that helped define the character of the United States.

Skagerrak Jan 23 2022 On 31 May 1916 The German High Seas Fleet clashed with the Royal Navy in the North Sea. The ensuing Battle of Jutland, known to the Germans as the Skagerrak Battle (der Skagerrakschlacht), was the most significant naval action of the First World War. Although not tactically decisive, the strategic result was that British naval supremacy in the North Sea went unchallenged for the rest of the war and the blockade of Germany remained in place. Many works have dealt with this clash of titans, and many more will doubtless appear for the approaching centenary but the German perspective has been sorely neglected. Gary Staff aims to correct this. By cross-referencing both German and British official records and accounts he has established the most coherent narrative of the battle possible. But the bare bones of the timeline are fleshed out with eyewitness accounts from the crews of the German ships. The result is a gripping read that gives a real sense of the drama, tension and terror of being in battle inside one of these steel behemoths. The thoroughly researched and accessible text is supported by clear maps and a large number of archive photos, many never before published, showing the German vessels before, during and after the action.

The Second Battle of the Marne Aug 30 2022 The First Battle of the Marne produced the so-called Miracle of the Marne, when French and British forces stopped the initial German drive on Paris in 1914. Hundreds of thousands of casualties later, with opposing forces still dug into trench lines, the Germans tried again to push their way to Paris and to victory. The Second Battle of the Marne (July 15 to August 9, 1918) marks the point at which the Allied armies stopped the massive German Ludendorff Offensives and turned to offensive operations themselves. The Germans never again came as close to Paris nor resumed the offensive. The battle was one of the first large multinational battles fought by the Allies since the assumption of supreme command by French general Ferdinand Foch. It marks the only time the French, American, and British forces fought together in one battle. A superb account of the bloody events of those fateful days, this book sheds new light on a critically important 20th-century battle.

Battle of the Bulge 1944-45 Nov 01 2022 In December 1944 the German military made their final attempt to end the Second World War by throwing in all their reserves in a desperate attempt to shatter the Allied lines. After breaking through the American-held sector in the Ardennes, two Panzer armies headed for the bridges over the River Meuse. However, a combination of poor planning, bad weather, tortuous terrain and above all, the determined defense of key towns and villages, such as Bastogne and St Vith, delayed the advance. The Allies were able to hold the northern and southern shoulders of the attack, hemming the Germans in. The Bulge had been created, and as the fortunes of battle were reversed, the Allies struck back. This book gives a clear, concise account of those dramatic days at the end of 1944, supported by a timeline of events and orders of battle. Over fifty photographs illustrate the events during this momentous campaign.

The Battle of the River Plate Dec 30 2019 Pope presents this true, enthralling account of the men, ships, and tactics which culminated in this naval action that so brilliantly began Britain's war at sea.

A Blood-Dimmed Tide Jul 25 2019 Drawing on firsthand accounts by survivors of the bloody Battle of the Bulge, diaries, letters, and official documents, this study describes the events of the campaign, hardships faced by the soldiers, the battle's horrifying costs, and the controversy surrounding the campaign.

Victory of the West Apr 25 2022 In this compelling piece of narrative history, Capponi describes the clash between the Ottoman Empire and the Holy League that led to the Battle of Lepanto and takes a fresh look at the bloody struggle at sea between oared fighting galleys and determined men of faith.

Hallo Leben, h ö rst du mich? Sep 18 2021 Was w ü rdest du tun, wenn du allein mit deiner Mom lebst, die manchmal ihre " ruhigen

Tage " hat, und du planst, deinen iPod mit einer selbstgebauten Rakete ins All zu schießen, um den Außerirdischen das menschliche Leben auf der Erde zu erklären? Ganz einfach: Der 11-jährige Alex wagt gemeinsam mit seinem Hund Carl Sagan die große Reise quer durchs Land zu einer Convention von Raketen-Nerds. Dabei lernt er nicht nur die unterschiedlichsten Menschen kennen, sondern erfährt auch eine Menge über Freundschaft, Familie, Liebe und all die anderen Dinge, die das Leben als Mensch so lustig, traurig, wunderschön und überraschend machen. Und zum Schluss ist Alex Welt um viele kostbare Freundschaften und sogar eine Schwester reicher.

Armoured Warfare in the Battle of the Bulge, 1944 – 1945 Mar 13 2021 The Battle of the Bulge took the Allied armies by surprise in 1944. It was a result of the extraordinary recovery of Hitler's panzer divisions following crushing defeats on the Eastern and Western fronts. In a daring offensive he hoped his panzers would unhinge the American and British push on the Rhine by charging through the Schnee Eifel, thereby prolonging the war. The consequence was one of the best-known battles of the entire conflict, and Anthony Tucker-Jones's photographic history is the ideal introduction to it. The story is told through a sequence of revealing contemporary photographs and a concise text. They give a sharp insight into the planning and decision-making, the armored forces involved, the terrain and the appalling mid-winter conditions, the front-line fighting and the experience of the troops involved. The armored battle, which was critical to the outcome, is the main focus. Through a massive tank offensive the Germans aimed to cut through the US 1st Army to Antwerp and Brussels, in the process trapping three Allied armies. The confusion and near collapse of the Americans as their defenses were overrun is vividly recorded in the photographs, as is their resistance and recovery as the German spearheads were slowed, then stopped.

The Battle for Palestine 1917 Apr 01 2020 The story of Allied victory in the Holy Land, far from the carnage of the Western Front but a crucial, morale-boosting success under the aggressive and forward-thinking General Allenby.

The battle of the books Feb 21 2022 Includes the English text of J. Swift's The battle of the books.

They Called it Passchendaele Dec 10 2020 The third battle of Ypres, culminating in a desperate struggle for the ridge and little village of Passchendaele, was one of the most appalling campaigns in the First World War. In this masterly piece of oral history, Lyn Macdonald lets over 600 participants speak for themselves. A million Tommies, Canadians and Anzacs assembled at the Ypres Salient in the summer of 1917, mostly raw young troops keen to do their bit for King and Country. This book tells their tale of mounting disillusion amid mud, terror and desperate privation, yet it is also a story of immense courage, comradeship, songs, high spirits and bawdy humour. They Called It Passchendaele portrays the human realities behind one of the most disastrous events in the history of warfare.

Battle of the Bulge - World War II: A History from Beginning to End May 03 2020 Battle of the Bulge - World War II The bloodiest battle in American history earned its name from the war correspondents who were covering the conflict. The

Kursk 1943 Dec 22 2021 Die Panzerschlacht bei Kursk im Sommer 1943 war eine der größten Schlachten der Kriegsgeschichte, an der etwa drei Millionen Soldaten mit mehr als 10.000 Panzern und Selbstfahrlafetten sowie 7.000 Flugzeugen teilnahmen. Obwohl Kursk bis heute als eine der Entscheidungsschlachten des Zweiten Weltkriegs gilt und schon zahlreiche Bücher darüber geschrieben wurden, gibt es über zentrale Entscheidungen im Vorfeld der Schlacht und über die Kampfe im Sommer 1943 erstaunlich viele falsche Informationen und Legenden. Roman Töppel beschreibt in seiner Studie vor allem Entwicklungen und Begebenheiten der Kursker Schlacht, die bislang kaum bekannt sind oder denen nur wenig Beachtung geschenkt wurde. Er präsentiert dem Leser neue, zum Teil überraschende Forschungsergebnisse und setzt damit der noch heute anhaltenden Legendenbildung um diese Schlacht gründlich recherchierte Fakten entgegen.

Battle for the Ruhr Sep 30 2022 "Derek Zumbro chronicles this key military campaign from a unique and fresh perspective - that of the defeated German soldiers and civilians caught in the final maelstrom of the war's western front." "Zumbro chronicles the relentless assault on the Ruhr Pocket through German eyes, as the Allied juggernaut battered the region's cities, villages, and homes into submission. He tells of children pressed into service by a desperate Nazi regime - and of even more desperate parents trying to save their sons from sacrifice at the eleventh hour. He also tells of unspeakable conditions suffered by foreign laborers, POWs, and political opponents in the Ruhr Valley and of the mass graves that gave Allied soldiers a grisly new understanding of their enemy." "Zumbro also recounts the story of Field Marshal Walter Model's final hours. His eventual suicide effectively ended the existence of the Wehrmacht's once-formidable Army Group B after being pursued, methodically encircled, and finally destroyed by U.S. and British forces. Through interviews with surviving members of Model's former staff, Zumbro has uncovered the attitudes of beleaguered officers that official records could never convey." "Other interviews with former soldiers reveal the extent to which Allied bombing contributed to the rapid deterioration of German combat effectiveness and tell of civilians begging soldiers to abandon the war. Zumbro's research reveals the identities of specific characters discussed in previous works but never identified, describes the final hours of German officers executed for the loss of the bridge at Remagen, and offers new insight into Model's acquiescence to Hitler in military affairs."--BOOK JACKET.

The Battle Of France Jun 23 2019 Peter Cornwell tells the story of the greatest air battle of the Second World War when six nations were locked in combat over north-western Europe for a traumatic six weeks in 1940. He describes the day-to-day events as the battle unfolds, and details the losses suffered by all six nations involved: Britain, France, Holland, Belgium, Germany and, rather belatedly, Italy. As far as RAF fighter squadrons in France were concerned, it was an all-Hurricane show, yet it was the Blenheim and Battle crews who suffered the brunt of the casualties. Every aircraft lost or damaged through enemy action while operating in France is listed together with the fate of the crews. The RAF lost more than a thousand aircraft of all types over the Western Front during the six-week battle, the French Air Force 1,400, but Luftwaffe losses were even higher at over 1,800 aircraft.

Armageddon Aug 25 2019 One of the greatest military feats during the Second World War was the transformation of the German force's activities in the weeks following the battles in Holland and the German border, where the Allies had finally inflicted the greatest catastrophes of modern war on them. Somehow the Germans found the strength to halt the Allied advance in its tracks and to prolong the war to 1945. This book is the epic story of those last eight months of the war in northern Europe.

The Battle of Britain Jun 15 2021 "A concise, penetrating account.... This stirring book inspires an admiration for British courage."—New York Times Book Review

The Battle of Newton Road Jun 27 2022

Verdun 1916 May 15 2021 A gripping narrative of the most infamous Western Front battle of the war. The British remember the Somme, Russia the Brusilov Offensive, and France and Germany remember Verdun
