Finding the End of the World Jun 25 2019 Learn tools and techniques you can use in any Biblical study and then explore the History of Israel. Use what you learn to analyze Old Testament prophecies and apocalyptic writings - all in preparation for comparing accounts of what Jesus told His disciples on the Mount of Olives and for analyzing the Revelation given to John. Round out your experience with in-depth studies of end-times players such as the Antichrist and the 144,000 'redeemed from the earth'. Finally, explore in great detail the major rapture positions and challenges presented by each. Ron Braley's book, Finding the End of the World, is a great resource for any serious student of God's Word. However, it will frustrate those who look to it for easy answers to questions surrounding the books of Daniel and Revelation, events of the End Times, and eschatological controversies. Instead, the author gives the reader and student the tools to delve into the Scriptures and discover the answers. Caution: This may lead the reader to question and even jettison some previously held views of the End Times. While offering historical and theological background materials to consider, I believe the greatest value of this book is the study tools, guides and exercises it offers each student. The result is creating students of the Bible who know how to read and study for themselves. Ron Almborg, Jr. (B.A., Th.B., M.Div.) Ron Braley lives in Texas with Joanne, his wife of 27 years. They have 4 grown children and 2 grandchildren. Passion for spreading the Gospel and helping others to build their faith has led to the development of this comprehensive guide and the creation of Finding Discipleship, Inc. How God Answers Prayer (How to Pray) Jan 13 2021 What happens when you pray? This book does not tell you how to get answers to your prayers there are thousands of books like that. This a radically different book because it approaches prayer from God's perspective. Prayer is relationship with God. When you understand How God Answers Prayer, then you realize prayer is all about trusting your heavenly Father trusting Him to answer what is best for you, how it's best for you, and when it's best for you. Divided into three inspiring sections and bite-size chapters filled with full servings of biblical goodness, you will learn about the following...and much more: God answers when you wait in His presence for the answer. God can give you a vision of how the answer can come. God answers when you yield to His will. Use your faith supernaturally to move God's work forward. God may allow an obstacle to tell you No, it will not happen. When God answers your prayer differently from what you expected. God may say, No, I have a better plan for your life. Well-known author and respected Liberty University dean and professor, Dr. Elmer Towns sheds light on your innermost desire to communicate with your heavenly Father, and brings your relationship with Him to an even more intimate level of love.

Is God Incompetent? Oct 10 2020 Is God to blame for natural disasters? Does He cause volcanic action, flooding, earthquakes, plague and genetic disease? Can He Prevent them? Why doesn't He? Geoffrey E L Bennett uncovers deep Biblical insights linking them to twenty-first century cultural and scientific answers. Is God cruel or callous? Is He impotent or incompetent? How can I know if God even exists? Part one explores pain and shows how different cultural groups understand God to be vindictive and cruel, or else limited in power, or believe that suffering does not really exist. Part two examines Old Testament teaching on suffering, challenging the idea of ancient wisdom. Profound teaching is dissected from the minor and major prophets as well as the story of Job. Then the New Testament fulfillment of prophecy is examined, challenging perceived ideas, and finishes with an interpretation of the Apocalypse. The concluding solution to pain and suffering of God. Part three deals with scientific theories and twenty-first century concepts of the universe and the physical world, together with raw nature and biogenetic problems. What place does God have in our modern world? Do natural disasters " Acts of God " show a limited or incompetent Deity?
