*Spend Well, Live Rich (previously published as 7 Money Mantras for a Richer Life)* Aug 01 2022 The best financial planner Michelle Singletary ever knew was Big Mama, her grandmother. Big Mama raised Michelle and her four brothers and sisters on a salary that never reached more than \$13,000 a year. Yet at her death, Big Mama owned her own home, had paid off a car loan, and had a beautiful collection of Sunday-go-to-meeting church hats and a savings account that supplemented her Social Security check and small pension. Most important, she had taught Michelle "7 Money Mantras for a Richer Life." Those mantras serve as the inspiration for this straight-talking book of practical personal financial advice that really works. The 7 Money Mantras are: 1. If it's on your ass, it's not an asset! 2. Is this a need or is it a want? 3. Sweat the small stuff. 4. Cash is better than credit. 5. Keep it simple. 6. Priorities lead to prosperity. 7. Enough is enough. Michelle Singletary is a syndicated columnist for *The Washington Post* whose popular personal finance column appears in more than 120 newspapers. She's also a mother of three children who understands what it's like to live on a budget. In a plainspoken, sassy, no-nonsense voice, Michelle provides answers to the financial issues that confront almost every household: how to teach children the value of money; how to address money issues in a relationship or marriage; household saving tips; getting the best loans; and much more. "This book is about saving enough money to have choices," she writes. "It's about feeling free to be cheap if you can't afford to buy a ton of gifts at Christmas. It's about eliminating wasteful spend-ing so you can begin to save and invest. It's full of uncommon commonsense lessons and guidance on the way people should use their money." With humor and down-home financial wisdom, Michelle Singletary offers practical and realistic advice that will help you live well with the money you have. Michelle Singletary on . . . Romance and Money "It's okay to say: 'Honey, I love you and everything, but if you need money, ask your mama.'" Credit Cards "We are minimizing our financial potential by making minimum credit-card payments." Car Buying "If you want to save money, keep your car until you're on a first-name basis with the local tow-truck drivers." Leasing a Car "You, too, can drive a car you can't afford and then have to give it back. It's crazy." Gift Giving "Generosity isn't about how much you spend. It's about how much thought you put into the gift." Penny Pinching "I once

bought a stick-shift car because it was \$1,000 cheaper than the automatic in the same model. There was just one little problem. I couldn't drive a stick-shift. But at least I saved \$1,000!"

**The Money Mentor** Jun 06 2020 The Money Mentor is my take on the classic self-help book - with one major difference: It's a bullshit-free zone! If you're reading this, it's because you've recognised that your finances need help. Either that or your kids gave you the book as a Christmas stocking-filler, it's pouring with rain and there's nothing on telly this afternoon. Seriously, however you got here isn't important. The important thing is - you're here. Right here, right now is where you start getting control of your finances. This is where you stop throwing money away like it's going out of fashion and start saving. This is where your financial worries start to lessen. This is where you and your family begin to get ahead in the game. What I do is very straightforward - I help ordinary Mums and Dads burdened with standard 30-year home loans, pay off those loans within 7 to 10 years. Yes, you read that correctly - you can be mortgage-free in 7 to 10 years simply by following a plan that we create together. It's not magic. There's no smoke and mirrors. It's not even a secret how we can do this together. In fact, I call it the 'not-so-secret, secret', because anyone can do it. Together, we examine your lifestyle and make a detailed assessment of your living expenses. Using that information, we then give every single dollar of your family's monthly income a specific purpose and structure it within a realistic budget. And guarantee to pay the loan off in 7 to 10 years. Paying your home loan off over 30 years is bullshit! It's the biggest rip-off. When you're sitting in your bank, arranging your home loan, their entire focus is on the minimum monthly repayment. That just means they're forecasting their juicy profits over a 30-year period. Profits that you're paying for. We can even pay off that 30-year loan earlier in some cases. One of our records is having cleared a mortgage in only 3.5! Mortgage-free in three and a half years - wouldn't everyone love to be in that position? Our aim is to disrupt the passive, inherited way of thinking encouraged by the banks and to completely change traditional Mum and Dad psychology. Not with idealistic nonsense and impossible to achieve pie-in-the-sky advice aimed at solving unrealistic or non-typical situations. This book is packed with proven, practical and realistic strategies that work. If you and your family follow the process that we all agree to in the beginning, you will achieve the results we predict at the start. Guaranteed!

**The Seven Money Types** Mar 28 2022 "A unique approach to understanding how you innately relate to handling money. A fascinating concept!" – Gary Chapman, author of The 5 Love Languages True financial well-being involves more than getting out of debt and accumulating wealth. It's about discovering how you're wired by God, and how that wiring influences the way you think about, feel toward, and handle money. Discovering your money type – whether you are an Abraham (hospitality), an Isaac (discipline), a Jacob (beauty), a Joseph (connection), a Moses (endurance), an Aaron (humility), or a David (leadership) – will bring greater self-awareness, reduce internal financial tension, help you resolve financial conflict with others, and help you grow financially from a faith-based perspective. As you walk with Pastor Brown through the Scriptures you'll find holistic financial pathways that lead you to a place of increased awareness and confidence related to money. In The Seven Money Types, Pastor Tommy Brown leads you on a journey of personal discovery as he reveals the seven money types found in Scripture, helps you identify the type that best fits you by means of a 35-question assessment, and coaches you on understanding, affirming, developing, and enjoying your unique approach to money.

In fact, (newsflash!) that's the way it's supposed to be. Inviting in and receiving more money is meant to be easy. In this power-packed manifesto, Susan explains how she came to her signature discovery of the 7 energetic levels of money consciousness, helps you identify which level you are currently in and provides a prescription for getting you to your next level, most easily and efficiently. Look, we don't want the money. We want what money gets us or does for us, so we can be, do, and have more. Like taking better care of ourselves, our family, our community. Or giving back more. The more money we have, the better options we have, the more secure we feel, the higher confidence we have in our future, and the more fully expressed we become. In fact, in The Science of Getting Rich, Wallace D. Wattles states that desiring money for what it can get us or do for us is noble. There is no higher pursuit. You also learn the importance of leading your money with your energy, and the spiritual side of money consciousness. Everything is energy. Just by breathing you are worthy of abundant prosperity. Join Susan on this illuminating tour of just how easy it is to have whatever amount of money you desire.

**Love Your Life Not Theirs** May 30 2022 In *Love Your Life, Not Theirs*, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want--a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In *Love Your Life, Not Theirs*, Rachel shows you how to buy and do the things that are important to you--the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about money, and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and worry that are all too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you anywhere. It's time to live--and love--your life, not theirs. "I've never read a book about money that takes this approach--and that's a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In *Love Your Life, Not Theirs*, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses!" Candace Cameron-Bure Actress, author, and co-host of *The View* "Love Your Life, Not Theirs is full of the kind of practical, straightforward advice we've come to expect from Rachel Cruze.
