Robert Altman's Soundtracks Dec 25 2021 American director Robert Altman (1925-2006) first came to national attention with the surprise blockbuster *M*A*S*H* (1970), and he directed more than thirty feature films in the subsequent decades. Critics and scholars have noted that music is central to Altman's films, and in addition to his feature films, Altman worked in theater, opera, and the emerging field of cable television. His treatment of sound is a hallmark of his films, alongside overlapping dialogue, improvisation, and large ensemble casts. Several of his best-known films integrate musical performances into the central plot, including *Nashville* (1975), *Popeye* (1980), *Short Cuts* (1993), *Kansas City* (1996), *The Company* (2003) and *A Prairie Home Companion* (2006), his final film. Even such non-musicals as *McCabe and Mrs. Miller* (1971) have been described as, in fellow director and protégé Paul Thomas Anderson's evocative phrase, as "musicals without people singing." *Robert Altman's Soundtracks* considers Altman's celebrated, innovative uses of music and sound in several of his most acclaimed and lesser-known works. In so doing, these case studies serve as a window not only into Altman's considerable and varied output, but also the changing film industry over nearly four decades, from the heyday of the New Hollywood in the late 1960s through the "Indiewood" boom of the 1990s and its bust in the early 2000s. As its frame, the book considers the continuing attractions of auteurism inside and outside of scholarly discourse, by considering Altman's career in terms of the director's own self-promotion as a visionary and artist; the film industry's promotion of Altman the auteur; the emphasis on Altman's individual style, including his use of music, by the director, critics, scholars, and within the industry; and the processes, tensions, and boundaries of collaboration.

[Cine-scapes](#) Jul 28 2019 "Cine-scapes explores the relationship between urban space, architecture and the moving image. While an impressive amount of research has been done with regards to the study of architecture portrayed in film, this book will offer a new perspective. There is little doubt that film can 'reflect' a postmodern condition, however, what this book demonstrates is that the postmodern, architectural condition in which we live is in fundamental terms filmic. We daily engage with spaces and places that are essentially cine-tectural. Drawing on the author's knowledge derived from architectural and film practice, *Cine-scapes* will: offer insight into architecture and urban debates through the eyes of a practitioner working in both fields - film and architectural design emphasise how cine-tectural tendencies are taking place or finding their way into urban practices can be used as a tool for educators, students and practitioners in architecture and urban design to communicate and discuss design issues with regard to contemporary architecture and cities. *Cine-scapes* ignites new ways of seeing, thinking and debating the nature of architecture and urban spaces"--

Brennpunkte kultureller Begegnungen auf dem Weg zu einem modernen Europa Nov 11 2020 English summary: This volume examines the polycentric structure of Europe, its heterogeneous cultural and linguistic areas and its demarcation and exclusionist tendencies. Contributions discuss the trouble spots of cultural encounters: cities and states, social spaces (courts and saloons), and religious spaces. They take into account international cultural exchange through the military forces and science transfer as well as the significance of the epic genre and the novel as sources of identity. Other contributions discuss national demarcation tendencies and the prestige mentality of rulers as well as the contempt for the peripheral countries and cultural exclusion of the savages of Europe (Corsicans, Sardinians, Sami) expressed in different media (song, architecture, the fine arts). One important dimension for establishing a modern European identity, lastly, is the interaction with America, which, though still unknown at the time, was seen as a promising land of encounter where Europeans would also redefine themselves. German description: Dieser Band stellt die polyzentrische Struktur Europas mit ihren heterogenen Kultur- und Sprachräumen, ihren Tendenzen zur Integration und Ab- bzw. Ausgrenzung auf den Prüfstand. Seine Beiträge behandeln Brennpunkte kultureller Begegnungen: Städte und Staaten, gesellschaftliche (Hof und Salon) sowie religiöse Räume. Sie berücksichtigen den internationalen Kulturaustausch auf der Ebene des Militärs und den Wissenschaftstransfer ebenso wie die identitätsstiftende Bedeutung der Gattungen Epos und Roman. Andere Beiträge reflektieren Tendenzen der nationalen Abgrenzung und des Prestigedenkens von Herrschern sowie die Missachtung der Ränder mit der kulturellen Ausgrenzung der Wilden Europas (Korsen, Sarden, Lappen), die in verschiedenen Medien (Lied, Architektur, Kunst) Ausdruck findet. Zur Identitätsfindung des modernen Europa gehört schliesslich die Wechselwirkung mit dem noch unbekanntem Amerika als einem zukunftsstrahlenden Begegnungsraum, über den sich auch die Europäer neu definieren.

[The Epistolary Moment](#) Jan 02 2020 The eighteenth-century verse epistle, argues William Dowling, was an attempt to solve in literary terms the dilemma of solipsism as raised by Locke and Hume. The focus of *The Epistolary Moment* is on internal audience in poetry--the audience "inside" the poem, created by its discourse and belonging to its world--as this divides in epistolary poetry into a double or simultaneous register of address: the audience directly addressed by the letter-writer, and an epistolary audience listening in on the exchange from a point external to the discourse of the speaker but internal to the discourse of the poem. Epistolary audience lies, contends *The Epistolary Moment*, at the heart of an Augustan theory of poetry as ideological intervention, poems as symbolic acts with enormous consequences in the domain of the real. The emergence of the verse epistle as the dominant form in eighteenth-century poetry thus takes as its ultimate context the origins of eighteenth-century solipsism in a degraded modernity symbolized by Sir Robert Walpole and his Robinocracy, the demonic representatives of a new money or market society arising from the ruins of organic or traditional community. Dramaturgien des Films Dec 01 2019 Das Hollywoodkino spielt vertraute Geschichten in immer neuen Abwandlungen durch - genau das ist seine Stärke. So variiert ein Film wie »Million Dollar Baby« virtuos die Muster des klassischen Erzählens und erweitert damit die filmsprachlichen Möglichkeiten. Anhand prominenter Beispiele untersucht Michaela Krützen, was die Filme des »etwas anderen Hollywood« so besonders macht und arbeitet die drei aktuellen Strategien heraus, mit denen die alten Geschichten neu aufgeladen werden: Das Kino der Gegenwart bietet unzuverlässige Erzählungen, nicht-chronologische Geschichten und mehrsträngige Handlungen. Wer die lebendig geschriebenen Analysen von »The Usual Suspects«, »Mulholland Dr.«, »Pulp Fiction«, »Memento«, »Short Cuts«, »Twelve Monkeys«, »Traffic«, »The Hours« oder »Adaption.« gelesen hat, wird diese Filme noch einmal, nämlich mit anderen Augen sehen wollen.

Class in the Composition Classroom Sep 02 2022 Class in the Composition Classroom considers what college writing instructors should know about their working-class students—their backgrounds, experiences, identities, learning styles, and skills—in order to support them in the classroom, across campus, and beyond. In this volume, contributors explore the nuanced and complex meaning of "working class" and the particular values these college writers bring to the classroom. The real college experiences of veterans, rural Midwesterners, and trade unionists show that what it means to be working class is not obvious or easily definable. Resisting outdated characterizations of these students as underprepared and dispensing with a one-size-fits-all pedagogical approach, contributors address how region and education impact students, explore working-class pedagogy and the ways in which it can reify social class in teaching settings, and give voice to students' lived experiences. As community colleges and universities seek more effective ways to serve working-class students, and as educators, parents, and politicians continue to emphasize the value of higher education for students of all financial and social backgrounds, conversations must take place among writing instructors and administrators about how best to serve and support working-class college writers. Class in the Composition Classroom will help writing instructors inside and outside the classroom prepare all their students for personal, academic, and professional communication. Robert Altman's Subliminal Reality Jan 26 2022 With his complex and unconventional films, Robert Altman often draws an impassioned response from critics but bafflement and indifference from the general public. Some audiences have dismissed his movies as insignificant, unsatisfying, and unreadable. Ironically, Altman might agree: he makes films in order to challenge filmgoers' expectations of straightforward narratives and easily understood endings. In Robert Altman's Subliminal Reality, Robert T. Self sheds light on Altman's work and provides the most comprehensive analysis of his films to date. With close readings of classics like MASH, McCabe & Mrs. Miller, and Nashville, as well as the more recent films The Player, Short Cuts, and Cookie's Fortune, Self asserts the value of Altman's work not only to film theory and the entertainment industry but to American culture. Poesiefilm Jul 20 2021 Solange es Film gibt, gibt es die Verfilmung von Gedichten. Dennoch sind audiovisuelle Erscheinungsformen von Lyrik bislang weitgehend vernachlässigt worden. Die vorliegende Studie beginnt, diese Forschungslücke auf dem Gebiet der Literatur-Film-Beziehungen zu schließen und entwirft zunächst eine Typologie des Poesiefilms. Im Zentrum steht der Gedichtfilm, der sich als konkrete Realisierung von Lyrik im audiovisuellen Medium von verwandten Phänomenen wie dem poetischen Film und der Literaturverfilmung abgrenzen lässt. In einem historischen Abriss werden Traditionen des noch wenig bekannten Kurzfilm-Genres im Avantgardekino der 20er Jahre, der Medienkunst und der Spoken-Word-Bewegung nachgezeichnet. Die systematische Untersuchung arbeitet zentrale Analyseebenen heraus und führt sie exemplarisch vor. Im Sinne des acoustic turns wird dabei eine einseitige Konzentration auf semantische und visuelle Aspekte vermieden und stattdessen die audiovisuelle Verfasstheit von Gedichtfilmen betont. Poesiefilme bewegen sich zwischen den Polen etablierter Dichotomien und geben Anlass, Gegensatzpaare wie Textualität und Performativität, Performativität und Medialität und nicht zuletzt Hören und Sehen auf ihre Wechselwirkungen hin zu befragen.

The Sound of Musicals Oct 11 2020 Despite having had its obituary written many times, the movie musical remains a flourishing twenty-first century form, and as this volume demonstrates, one that exists far beyond the confines of Broadway and Hollywood. The Sound of Musicals examines the films, stars, issues and traditions of the genre from the 1930s to the present day. Featuring sixteen original essays by leading international scholars, this illuminating collection addresses the complex history and global variety of the movie musical, and considers the delight and passionate engagement that musicals continue to inspire in audiences around the world. The contributors address key issues for understanding the movie musical: questions of genre and generic traditions; questions of history, bringing fresh perspectives to a consideration of Classical Hollywood musicals; and the musical beyond Hollywood, looking at alternatives to the Hollywood model from the 'New Hollywood' and American independent cinema to Bollywood and other national musical traditions. Individual chapters consider key musical stars such as Frank Sinatra, Julie Andrews and Barbra Streisand; film-makers including Robert Altman and Christophe Honoré, and classic musicals such as South Pacific (1958) and Hairspray (1988). In his introduction to the volume, Steven Cohan addresses the significance and enduring appeal of this multi-faceted genre, and considers its recent renaissance with movies such as the High School Musical franchise, and the success of the television series Glee.

Strange Voices in Narrative Fiction Aug 01 2022 From its beginnings narratology has incorporated a communicative model of literary narratives, considering these as simulations of natural, oral acts of communication. This approach, however, has had some problems with accounting for the strangeness and anomalies of modern and postmodern narratives. As many skeptics have shown, not even classical realism conforms to the standard set by oral or 'natural' storytelling. Thus, an urge to confront narratology with the difficult task of reconsidering a most basic premise in its theoretical and analytical endeavors has, for some time, been undeniable. During the 2000s, Nordic narratologists have been among the most active and insistent critics of the communicative model. They share a marked skepticism towards the idea of using 'natural' narratives as a model for understanding and interpreting all kinds of narratives, and for all of them, the distinction of fiction is of vital importance. This anthology presents a collection of new articles that deal with strange narratives, narratives of the strange, or, more generally, with the strangeness of fiction, and even with some strange aspects of narratology.

When They Were 22 Jun 30 2022 Most of us can point to one or two moments in our lives when everything changed, when a stroke of fate forever altered the future, or a single decision sparked a lifetime of consequences. Across the broadest spectrum of famous people, that moment happens more often at 22 than any other age. Brad Dunn's When They Were 22 tells the stories of famous people and the fateful events and choices they faced at the all-important age of 22. From writers, actors, and musicians to politicians, hip-hop moguls, criminals, and porn stars, When They Were 22 chronicles some of the most legendary, influential, and controversial celebrities during the most pivotal year of their lives. Just a few examples: * Oprah Winfrey dropped out of college to become a newsreader in Nashville, and at 22 moved to Baltimore to work at another station where she landed her own talk show. * Jack White had his own upholstery business at age 22, but while practicing the guitar he asked his wife, Meg, to try the drums—he liked her playing so much they began performing as a two-piece band, the White Stripes. * When Karl Rove was 22, he was accused of espionage and deceitful campaign tactics by the College Republicans and wound up meeting future president George W. Bush. With an eclectic lineup that includes Bill Murray, Sean "Diddy" Combs, Marilyn Monroe, Stephen Hawking, Pamela Anderson, Malcolm X, Stanley Kubrick, Andy Warhol, Larry Flynt, Jane Goodall, Harvey Weinstein, and many more, When They Were 22 is perfect for graduates, job searchers,

celebrity watchers, biography lovers, or anyone who doubts that in life anything is possible.

Many Voices Jun 06 2020 This book is a full scale disciplinary framework for pastoral psychotherapists/pastoral counselors at intermediate and advanced levels of clinical training and also for experienced pastoral counselors and psychotherapists in professional practice. It harvests the great potential of postmodern sensibilities to help, accompany, and support individuals, couples, and families in recognizing and healing especially painful psychic wounds, and/or longstanding patterns of self-defeating relationships to self and others. Pamela Cooper-White's widely praised work, which has always integrated cutting-edge notions from the social sciences into pastoral therapy, here takes a distinctive and promising turn toward the relational and the theological. Pastoral psychotherapy, she argues, needs to find its framework in a strongly relational idea of the person, God, and health. Illustrated throughout by four key case studies, Cooper-White shows in Part 1 how multiplicity and relationality provide a dynamic and exciting way of viewing human potential and pain. In Part 2 she unfolds the practical applications of this paradigm for a strongly empathic therapeutic relationship and process.

Internet Resource Pricing Models Jul 08 2020 This brief guides the reader through three basic Internet resource pricing models using an Internet cost analysis. Addressing the evolution of service types, it presents several corresponding mechanisms which can ensure pricing implementation and resource allocation. The authors discuss utility optimization of network pricing methods in economics and underline two classes of pricing methods including system optimization and entities' strategic optimization. The brief closes with two examples of the newly proposed pricing strategy helping to solve the profit distribution problem brought by P2P free-riding and improve the pricing efficiency with the introduction of the price discrimination. The Internet resource pricing strategy is not only the key factor of Internet resource allocation efficiency, but also the determinant of the profit. The methods and models discussed in Internet Resource Pricing Models increase the efficiency of existing pricing strategies to ensure a sound and sustainable development of the Internet. The brief will help researchers and professionals working with this key factor of Internet resource allocation.
