Die Macht der Gewohnheit: Warum wir tun, was wir tun Feb 09 2021 Seit kurzem versuchen Hirnforscher, Verhaltenspsychologen und Soziologen gemeinsam neue Antworten auf eine uralte Frage zu finden: Warum tun wir eigentlich, was wir tun? Was genau prägt unsere Gewohnheiten? Anhand zahlreicher Beispiele aus der Forschung wie dem Alltag erzählt Charles Duhigg von der Macht der Routine und kommt dem Mechanismus, aber auch den dunklen Seiten der Gewohnheit auf die Spur. Er erklärt, warum einige Menschen es schaffen, über Nacht mit dem Rauchen aufzuhören (und andere nicht), weshalb das Geheimnis sportlicher Höchstleistung in antrainierten Automatismen liegt und wie sich die Anonymen Alkoholiker die Macht der Gewohnheit zunutze machen. Nicht zuletzt schildert er, wie Konzerne Millionen ausgeben, um unsere Angewohnheiten für ihre Zwecke zu manipulieren. Am Ende wird eines klar: Die Macht von Gewohnheiten prägt unser Leben weit mehr, als wir es ahnen.

The Power of Good News Jun 15 2021 The media's bias toward stories of conflict, violence, and division is bad for your health. Hal Urban shows how to find the positive and uplifting all around us. What we eat greatly impacts our physical health. Hal Urban says that we can nourish our minds just like we nourish our bodies by choosing what information we consume. Urban explains why, due to neuroscience as much as economics, the media—left, right, and center—focuses mostly on negative stories. And he describes the psychological toll this takes on our mental health. But he's not suggesting we ignore these stories, just that we vary our diets. We can find countless signs of progress and acts of kindness all around the world if we know where to look. And there are positive aspects in our own lives—family, friends, beauty, generosity, and progress—that we take for granted. Offering techniques he road tested as a teacher for thirty-six years, Urban helps readers become a conscious consumer of information, balancing sources like food groups. If, as the late Zig Ziglar put it, "you are what you are . . . because of what has gone into your mind," then it's in our best interest to choose positive, healthy, and uplifting input whenever possible. Urban shows how to do this with open eyes and an open heart.

The Power of the Heart Mar 25 2022 Mit einer beispiellosen Befragung von 18 der weltweit größten spirituellen Lehrer, Schriftsteller und Wissenschaftler entstand dieses internationale Buch- und Filmprojekt über die Kraft des Herzens. Baptist de Pape war ein junger Anwalt, als er den Ruf verspürte, herauszufinden, woher Menschen die Kraft für ihre Lebensentscheidungen schöpfen. Dazu interviewt er Berühmtheiten auf der ganzen Welt – und die Aussagen sind überraschend übereinstimmend: Der Ursprung aller Kräfte wie Dankbarkeit, Resilienz, Intuition oder Vergebung liegt in der Intelligenz des Herzens.

The Power of Your Other Hand Mar 01 2020 Brain researchers have in recent years have discovered the vast, untapped potential of the brain's little-used, right hemisphere. Art therapist Lucia Capacchione discovered that our nondominant hand is a direct channel to that potential. Her research and fieldwork with people using their "other hand" provides the raw material for this classic, first published in 1988. In workshops and private sessions, Lucia has worked with thousands of people, employing these techniques to help them become more creative, expressive, and intuitive in their day-to-day lives and also experience improved health and greater fulfillment in their relationships. Lucia will show you how to: Channel the deep inner wisdom of your True Self Change negative attitudes about yourself Unlock creativity Uncover hidden artistic abilities Heal your relationships Through various drawing and writing exercises, Lucia Capacchione hopes you will discover the power that lies hidden in your other hand. The techniques will help you explore and understand your thoughts and feelings on a completely different level and reconnect with a sense of playfulness you may have left behind in childhood.

The Power of Purpose Sep 06 2020 The Power of Purpose begins with a simple but remarkable statement: "The more you focus on helping others, the more you will succeed in reaching your own goals." Peter S. Temes builds on this fundamental insight to share a simple plan for living with the truest and most enduring kind of happiness. At the heart of The Power of Purpose are the "three levels of thinking." At the first level, we ask, Who am I? and What do I want? At the second level, we ask, Who do other people think I am? How do I look to them? But the real magic happens when we hit the third level, forgetting about ourselves and asking the questions that lend a powerful sense of purpose to our lives: How do others look to themselves? How can I help others become the people they want to be? To help us along the way, Temes, who teaches humanities at Columbia University, draws on the wisdom of great thinkers including Aristotle, Søren Kierkegaard, and Abraham Lincoln; the life lessons of great achievers ranging from Mother Teresa to Michael Jordan; and home truths he's gathered from his parents, his grandparents,

and his three children. From all these sources and from his own life of great personal accomplishment, Temes identifies the essential knowledge that brings people happiness and success. He cites Aristotle's notion that happiness is not a psychological state but a moral one, resulting from doing good in the world. Temes also believes in the pivotal importance of trust and team-building in every area of life, from the family to the workplace to the street corner. *The Power of Purpose* is a map for finding the confidence and power, the opportunities and occasions, and—most important—the techniques and strategies for centering your relationships and work on helping others. It is a book with a point of view: the clearest path to your own success and happiness lies in helping others get to where they want to go.

The Power of Focus Aug 30 2022 Was ist der häufigste Grund, warum viele Menschen ihre Ziele nicht erreichen? Es sind nicht die äußeren Rahmenbedingungen und Hindernisse – die lassen sich überwinden –, sondern vielmehr der persönliche Mangel, sich auf das Wesentliche zu konzentrieren und seine Ziele beharrlich zu verfolgen. Die Fähigkeit, sich auf das wirklich Entscheidende zu fokussieren, hilft in fast allen Lebenslagen. Dieses Buch ist seit zehn Jahren ein Weltbestseller und Klassiker der Erfolgsliteratur. Es hat Zigtausenden von Lesern geholfen, ihr Leben erfolgreicher zu gestalten und ihre ganze Kraft und Energie auf ihren persönlichen Fokus zu richten. Erstmals in deutscher Sprache zeigen die Bestsellerautoren, wie man sich darauf besinnt, wie man diesen Fokus am besten erreicht, ihn beruflich nutzt und so auch wirtschaftlich turbulente Zeiten übersteht. Und nicht zuletzt, wie man eine Finanzstrategie verfolgt, die einen ruhig schlafen lässt. Jedes Kapitel bietet eine Strategie und die dazugehörigen konkreten Aktionsschritte. So kann jeder Leser umgehend durchstarten und seine eigene Erfolgsstory schreiben.

The Power of a Humble Life Apr 13 2021 This book examines what I consider one of life's greatest paradox, that strength is found in humility. The problem is, humility does not come naturally to us. As we grow up, we find that pride is ingrained in our very being as we seek to prove to the world that our lives matter. We want to stand out in the crowd. Very few of us want to be completely out of the limelight with a sense that his or her life is not important. One of the most important truths I have learned over the course of my life is that we are responsible for seeking a humble life and cultivating a humble heart. We must therefore realize that humility is a choice that we must first make, and then pursue. - Richard E. Simmons III.

The Power of Art May 03 2020 * 'Great art has dreadful manners...' Simon Schama observes at the start of his epic exploration of the power, and whole point, of art. 'The hushed reverence of the gallery can fool you into believing masterpieces are polite things, visions that soothe, charm and beguile, but actually they are thugs. Merciless and wily, the greatest paintings grab you in a headlock, rough up your composure and then proceed in short order to rearrange your sense of reality...' * With the same disarming force, *Power of Art* jolts us far from the comfort zone of the hushed art gallery, as Schama closes in on intense make-or-break turning points in the lives of eight great artists who, under extreme stress, created something unprecedented, altering the course of art for ever. * The embattled heroes - Caravaggio, Bernini, Rembrandt, David, Turner, Van Gogh, Picasso and Rothko - faced crisis with steadfast defiance. The masterpieces they created challenged convention, shattered complacency, shifted awareness and changed the way we look at the world. With powerfully vivid story-telling, Schama explores the dynamic personalities of the artists and the spirit of the times they lived through, capturing the flamboyant theatre of bourgeois life in Amsterdam, the passion and paranoia of Revolutionary Paris, and the carnage and pathos of civil-war Spain. * Most compelling of all, *Power of Art* traces the extraordinary evolution of eight world-class works of art. Created in a bolt of illumination, such works 'tell us something about how the world is, how it is to be inside our skins, that no more prosaic source of wisdom can deliver. And when they do that they answer, irrefutably and majestically, the nagging question of every reluctant art-conscript... "OK, OK, but what's art really for?"'

Sophon - The Power of Thought Apr 25 2022 The beginning of wisdom is the definition of the terms. The way to wisdom is to be recognized and followed, it is not taught and studied like a subject of knowledge. Wisdom is quietly and part of what a person thinks about, feels and does in a completely unnoticed way. Again and again it is the beginning that does not mark the wisdom because great spiritual things can neither be grasped. The beginning does not end, because wisdom does not have that. Every thought that is sent out is a vibration; it vibrates in every part of the universe, and when the thought is noble and beneficial, it vibrates related thoughts. People unconsciously absorb the thoughts and send comparable thoughts depending on their strength. Thoughts are timeless in the change of reality, they are the bridge from the zeitgeist to the spirit of man and vice versa, this communication ensures existence. Thoughts bring knowledge and create science, thoughts have shapes of different sizes and weights, the world of thoughts is permanent and limitless. The ordering of thoughts also gives rise to philosophy, which does not end in human consciousness, philosophy mentally dismantles the world and bundles it anew. Space and time store the thoughts from which the forces are formed that order and change the world. The swing of thoughts is an expression of energy. Man is drifting in a sea of thoughts or is exposed to it. With some thoughts man agrees spiritually, while he rejects others as unacceptable in the world of thought. Everyone has their own world of thoughts. For everyone, the thought is an expression of the conflict in the field of tension between object and subject. The dissolution is thoughtfully possible. With the solution of the problem, the conclusion of peace emerges from the dispute, through which the forces of peace couple the subject more closely to the object and vice versa. The mind is everything. What we think we become as humans. Pay attention to the melody of life that vibrates within you.

The Last Word on Power: Executive Re-Invention for Leaders Who Must Make the Impossible Happen Nov 28 2019 How leaders can achieve something meaningful--transform a brand, a workplace, a technology, themselves--beyond holding an influential position. Do you want to do work that is worthy of your time and talent? Do you want to make your mark on your industry, company, or within your community? Are you satisfied with the fact that reengineering, quality improvements, and other changes never really make a lasting impact? Then you need to go beyond the techniques of improvement and learn the skills that it takes to be extraordinary. The power to be extraordinary is not one we are born with. Rather, it is a power that one can learn, and Tracy Goss helps executives realize this power. Here in this book for the first time, Goss makes her coursework available to the general reader. Goss's unique methodology shows how you can "put at risk the success you've become for the power of making the impossible happen." She positions executives to take on the future that they dream about. She teaches how to behave differently so that you are free of past constraints. She shows how you can be at home in the environment in which you are constantly surrounded by threats, and how to transcend the ordinary to make the impossible happen. Her work has resulted in many important life changes and organizational reinventions worldwide. "Goss offers powerful information, far above the glib self-help mush that already lines the shelves. She answers the fundamental question of why management fads do not work: the personal work has not yet been done." --Library Journal

The Power of Pull Dec 30 2019 In a radical break with the past, information now flows like water, and we must learn how to tap into its stream. Individuals and companies can no longer rely on the stocks of knowledge that they've carefully built up and stored away. Information now flows like water, and we must learn how to tap into the stream. But many of us remain stuck in old practices -- practices that could undermine us as we search for success and meaning. In this revolutionary book, three doyens of the Internet age, whose path-breaking work has made headlines around the world, reveal the adjustments we must make if we take these changes seriously. In a world of increasing risk and opportunity, we must understand the importance of pull. Understood and used properly, the power of pull can draw out the best in people and institutions by connecting them in ways that increase understanding and effectiveness. Pull can turn uncertainty into opportunity, and enable small moves to achieve outsized impact. Drawing on pioneering research, *The Power of Pull* shows how to apply its principles to unlock the hidden potential of individuals and organizations, and how to use it as a force for social change and the development of creative talent. The authors explore how to use the power of pull to: Access new sources of information Attract likeminded individuals from around the world Shape serendipity to increase the likelihood of positive chance encounters Form creation spaces to drive you and your colleagues to new heights Transform your organization to adapt to the flow of knowledge *The Power of Pull* is essential reading for entrepreneurs, managers, and anybody interested in understanding and harnessing the shifting forces of our networked world.

The Speed and Power of Ships Aug 06 2020 David Watson Taylor (1864-1940), naval architect and engineer, made a very impressive career in the US Navy. He developed the first experimental ship model basin for the United States and became the Navy's chief constructor during WWI. His books about the building and operation of ships contain the most important scientific findings and leading ideas in the field of early 20th century naval engineering. The intention of this work is to treat in a consistent and connected manner, for the use of students, the theory of resistance and propulsion of vessels and to give methods, rules and formul which may be applied in practice. Reprint of the original edition from 1910.

The Power of Being Jul 29 2022 *The Power of Being* presents a refreshing secular spirituality for stressed leaders and managers who are looking for ways to go beyond monetary motivation. It aims for the qualitative and inner strategies needed to stand firm in the storms of corporate life. It is touching the core issues of leadership, like integrity, motivation, and teamwork. However, it's not a how-to-do approach, but an inspirational contribution towards a paradigm shift. The concept is woven into stories, exclusively based on personal experience. The key issues like body, heart, mind, and awareness are repeated in a circular way and on different levels of understanding. Although Andreas Gruber studied conflict resolution, leadership, and marketing management, this book is about everything else than theory. It is a pure expression of personal experience, based on more than 25 years hands-on experience in sales and management, and a 3.5 years journey around the world, which ultimately became a quest, rather than a search for answers and solutions. A page turner that goes much further than merely entertaining the mind. It encourages self-reflection without preaching or condemning, opening new personal views and corporate perspectives.

The Power of Emotions in World Politics Apr 01 2020 "This book argues that the link between emotions and discourse provides a new and promising framework to theorize and empirically analyse power relationships in world politics. The expert contributors argue that emotions are not irrational forces but have a pattern to them that underpins social relations"--

Zero Negativity: the Power of Positive Thinking Jun 03 2020 PRE-ORDER NOW There are times when life feels like it has you cornered: financial difficulties, relationship issues, work problems, all of the above. Every one of us, at one time or another, will have to face up to the challenges that come our way. And there are two ways of meeting them: negatively, where blame is the answer, where other people are at fault, where you haven't been treated fairly. Or positively, where you own the situation, learn and grow from it, and become a better person at the end of it. Letting you into areas of his life he's never talked about before, in *Zero Negativity*, Ant will show you how to embrace failure and use it to your advantage, how to see change as the foundation of your future success, how to develop resilience, how to deal with bullies, what it means to be a positive roll model, and how to live a life with no regrets. This book will not tell you who to be, where you should live, or what job you should do. That's up to you. What this book is for, however, is to give you the tools you need to become the best possible version of yourself, to own who and what you are, and to live your life with *Zero Negativity*.

Die Lektionen Sep 30 2022 Sie sind schön, sie haben Geld, sie sind begabt: Emanuela, Simon, Franny, Jess. Mit zielstrebigem Selbstverständnis nehmen sie jede Hürde ihres Studiums in Oxford und sie sind die Freunde von Marc, der lässiger ist als alle anderen, entwaffnend charmant, offenkundig promisk und geradezu obszön reich. James würde alles dafür geben dazuzugehören. Als Jess sich in ihn verliebt, geht dieser Wunsch in Erfüllung, mehr noch, Marc bittet sie alle, bei ihm einzuziehen. Keiner widersteht diesem Angebot und bald belebt eine exklusive WG den alten Herrensitz, mit rauschenden Partys und wechselnden Liebschaften. Ohne es selbst zu merken, verstrickt sich James in eine Abhängigkeit von Marc, aus der er sich, auch als die Gemeinschaft auseinandergeht und trotz seiner Liebe zu Jess, kaum befreien kann. Mit scharfem Blick und scharfer Zunge porträtiert Naomi Alderman

eine ganz besondere Facette der geschlossenen Gesellschaft einer Eliteuniversität und lotet dabei die Kräfteverhältnisse von Ehrgeiz und Einsamkeit aus, von Liebe und Macht.

Die Gabe Aug 25 2019 Wenn Ohnmacht zur Macht wird - die Zukunft gehört den Frauen Es sind scheinbar gewöhnliche Alltagsszenen: ein nigerianisches Mädchen am Pool. Die Tochter einer Londoner Gangsterfamilie. Eine US-amerikanische Politikerin. Doch sie alle verbindet ein Geheimnis: Von heute auf morgen haben Frauen weltweit die Gabe – sie können mit ihren Händen starke elektrische Stromstöße aussenden. Ein Ereignis, das die Machtverhältnisse und das Zusammenleben aller Menschen unaufhaltsam, unwiederbringlich und auf schmerzvolle Weise verändern wird.

The Power of Words Oct 27 2019 Words are very powerful, they consist of vibration and sound. These sounds and vibrations are what creates the very reality that surrounds us. Without words, our thoughts may never be processed and turned to reality. This book is a guide that shows the readers the power of words, the negative and positive sides of words. I hope that in reading, you learn something new and find the courage to apply them to your daily lives.

The Power of an Open Question May 15 2021 “A bold, playful, and invigorating” look at how asking challenging questions—without expectations—can lead Buddhist practitioners to powerful spiritual insights (Pema Chödrön) How do we find a resting place in a world that is complex and always changing? How do we practice spirituality beyond the limits of blind acceptance and doubt? Elizabeth Mattis-Namgyel proposes that when we ask challenging questions like these, we access our deepest intelligence and most powerful insights. “When we ask a question,” Mattis-Namgyel suggests, “our mind is engaged yet open. The process of inquiry protects us from our tendency to reach static conclusions. Instead, we can respond to uncertainty and change with inquisitiveness and a sense of wonder.” By telling the story of the Buddha’s awakening, Mattis-Namgyel shows us that by contemplating hard questions—and by not simply rejecting seeming contradictions in his experience—the Buddha became enlightened. Her book guides us on a provocative, playful, and spiritually enriching journey of contemplation that could last a lifetime.

Children and the Power of Stories Jul 25 2019 This book explores how stretching stories through posthuman and autoethnographic perspectives can produce new stories that decolon(ial)ize traditional thinking and approaches to Early Childhood Education (ECE). It demonstrates how stories can provide a different way of knowing, and a way of knowing differently: a way of decolon(ial)izing current discourses of early childhood education within educational institutions. The book uses research and practice in ECE to act as a canvas, a context with which to explore how autoethnography can become other when viewed through a posthumanist lens. As a consequence the chapters and stories within allow for an interplay between the posthumanist and the autoethnographic, an interplay that allows for a very specific type of meaning to emerge; a meaning that traffics in numerous and disruptive possibilities rather than settled certainties. In so doing, authors rethink and perturb the notion of child-centered approaches to knowing, be(com)ing, and doing within the Early Childhood Education context.

The Power of Gifts Nov 08 2020 This study considers the nature of gift-giving in early-modern England - looking at what gifts were, how they were offered and received, and what did they mean politically under the different monarchs of the 16th and 17th centuries.

»*The Power of Love*« Jan 23 2022 Ein Mann - eine Frau - eine Liebe, die alle Hindernisse überdauert: Diese Geschichte wird seit Jahrhunderten immer wieder erzählt. Judith Coffey erarbeitet eine Genealogie dieser modernen Liebesgeschichte anhand von theoretisch fundierten und zugleich textnahen Analysen viktorianischer Romane. Sie zeigt, wie die Romane Liebe als revolutionäre Kraft entwerfen, während sie gleichzeitig heteronormative Geschlechterverhältnisse stabilisieren und die Vorherrschaft des Bürgertums untermauern. So wird eine kritische Perspektive auf die gesellschaftlichen Funktionen der Liebesgeschichte - aber auch auf das Gefühl der Liebe selbst - eröffnet.

The Power of Receiving Jul 05 2020 Once in a blue moon an idea comes along that once heard seems so obvious that you wonder why somebody hasn't written about it before. Amanda Owen's *The Power of Receiving: A Revolutionary Approach to Giving Yourself the Life You Want and Deserve* presents a new paradigm for the 21st century—a philosophy that values receiving as much as giving and demonstrates that giving is enhanced when receiving is embraced. With the formula: Believe + Receive = Achieve, *The Power of Receiving* presents a wholly original yet easily accessible road map for people to follow, showing readers how to restore balance to their over-extended lives and attract the life they desire and deserve. Inspiring stories are featured about people who have experienced life-altering results after becoming skilled Receivers, including Ken who regained his hearing after a devastating hearing-loss, Julie who met the man she would later marry, and Don who received an extra \$1,000 a month in his pay check. Based on over twenty years of research into the nature of receptivity and its link to manifestation, *The Power of Receiving* offers a unique vision for anyone seeking to create greater reciprocity in their relationships and more harmony and abundance in their lives.

The Power of Movies Oct 08 2020 How is watching a movie similar to dreaming? What goes on in our minds when we become absorbed in a movie? How does looking “into” a movie screen allow us to experience the thoughts and feelings of a movie’s characters? These and related questions are at the heart of *The Power of Movies*, a thoughtful, invigorating, and remarkably accessible book about a phenomenon seemingly beyond reach of our understanding. Colin McGinn—“an ingenious philosopher who thinks like a laser and writes like a dream,” according to Steven Pinker—enhances our understanding of both movies and ourselves in this book of rare and refreshing insight.

The Power of LOVE May 27 2022 »Wir müssen die Macht der Liebe entdecken, die heilende Kraft der Liebe. Und wenn wir das entdecken, dann werden wir aus dieser alten Welt eine neue machen können. Liebe ist der einzige Weg.« Mit diesem Zitat von Martin Luther King beginnt Bischof Michael B. Curry seine Predigt bei der Hochzeit von Prinz Harry und Herzogin Meghan. »Liebe ist der einzige Weg« – mit dieser Botschaft erreicht er die Herzen von Millionen von Menschen. Seine leidenschaftliche Predigt sorgt nicht nur im königlichen Haus und bei den Hochzeitsgästen, sondern weltweit für Aufmerksamkeit. Bischof Curry bringt es auf den Punkt: »Die Botschaft Gottes an uns ist ganz einfach: Wir sollen einander lieben. Und wir sollen uns umeinander kümmern.« Dies zu beherzigen, kann wirklich alles verändern. Ausgewählte Pressestimmen zur Royal Wedding-Predigt von Bischof Michael B. Curry: »Was bleibt von der Royal Wedding? Viele meinen: die Predigt von Michael Curry.« FAZ »Das absolute Highlight der stundenlangen Live-Übertragung aus Windsor war die Predigt des US-amerikanischen Bischofs Michael Curry. Und die geht den Menschen immer noch nicht aus dem Kopf – weil er darin auf wunderbare Art erklärt hat, welche Macht Liebe wirklich hat.« bento.de »Beim Traugottesdienst in der St.-George's-Kapelle hielt der amerikanische Bischof Michael Curry eine begeisternde Predigt – wie man sie im Gottesdienst einer Windsor-Zeremonie noch nicht gehört hat.« DER SPIEGEL
