21st-Century Narratives of World History Aug 03 2020 This book makes a unique and timely contribution to world/global historical studies and related fields. It places essential world historical frameworks by top scholars in the field today in clear, direct relation to and conversation with one other, offering them opportunity to enrich, elucidate and, at times, challenge one another. It thereby aims to: (1) offer world historians opportunity to critically reflect upon and refine their essential interpretational frameworks, (2) facilitate more effective and nuanced teaching and learning in and beyond the classroom, (3) provide accessible world historical contexts for specialized areas of historical as well as other fields of research in the humanities, social sciences and sciences, and (4) promote comparative historiographical critique which (a) helps identify continuing research questions for the field of world history in particular, as well as (b) further global peace and dialogue in relation to varying views of our ever-increasingly interconnected, interdependent, multicultural, and globalized world and its shared though diverse and sometimes contested history.

Renewing Royal Imagery Apr 30 2020 In *Renewing Royal Imagery: Akhenaten and Family in the Amarna Tombs*, Arlette David offers a systematic analysis of the visual presentation of ancient Egyptian kingship during Akhenaten's reign (circa 1350 B.C.) in the elite tombs of his new capital.

Dinner Talk Sep 23 2019 Dinner Talk draws upon the recorded dinner conversations of, and extensive interviews with, native Israeli, American Israeli, and Jewish American middle-class families to explore the cultural styles of sociability and socialization in family discourse. The thesis developed is that family dinners in Western middle-class homes fulfill important functions of sociability for all participants and, at the same time, serve as crucial sites of socialization for children through language and for language use. The book demonstrates the way talk at dinner constructs, reflects, and invokes familial, social, and cultural identities and provides social support for easing the passage of children into adult discourse worlds. Family discourse at dinner emerges as a particularly rich site for discursive socialization and a highly meaningful enactment of sociable behavior in culturally patterned ways. Although all the families studied have a common Eastern European background, Israeli and Jewish American families are shown to differ extensively in their interactional styles, in ways that enact historically different, community-related interpretations of the dialectics of continuity and change. Native Israeli, American Israeli, and Jewish American families differ culturally in the ways they negotiate issues of power, independence, and involvement through various speech activities such as the choice and initiation of topics, conversational story-telling, naming practices, metapragmatic discourse, politeness strategies, and in immigrant, bilingual families, language choice and code switching. Dinner Talk demonstrates the unique interactional style of each of the groups, linking the observed communication patterns to the ideological, sociocultural, and historical contexts of their respective communities. This innovative study of family discourse from a cross-cultural perspective will appeal to students and specialists in sociolinguistics, communication, anthropology, child language, and family and Jewish studies, as well as to all interested in patterns of communication within families.

Exploring Art Oct 29 2022 **EXPLORING ART: A GLOBAL, THEMATIC APPROACH**, Revised Fifth Edition teaches students art basics and then shows how important it is in everyday life. Art from all over the world deals with physical survival, the spiritual life, politics, cultural life and personal identity. **EXPLORING ART's** thematic organization allows students to experience art as powerfully connected to their lives. "Art Experiences" features in every chapter encourage students to make art. The newly revised Chapter 15, "Art in Your Life," shows how art is all around us and where students can find it. Students learn to analyze art, and then by extension how to analyze design products, advertising, fashion and craft.

Debating New Approaches to History Oct 25 2019 With its innovative format, **Debating New Approaches to History** addresses issues currently at the top of the discipline's theoretical and methodological agenda. In its chapters, leading historians of both older and younger generations from across the Western world and beyond discuss and debate the main problems and challenges that historians are facing today. Each chapter is followed by a critical commentary from another key scholar in the field and the author's response. The volume looks at topics such as the importance and consequences of the 'digital turn' in history (what will history writing be like in a digital age?), the challenge of posthumanist theory for history writing (how do we write the history of non-humans?) and the possibilities of moving beyond traditional sources in history and establishing a dialogue with genetics and neurosciences (what are the perspectives and limits of the so-called 'neurohistory'?). It also revisits older debates in history which remain crucial, such as what the gender approach can offer to historical research or how to write history on a global scale. **Debating New Approaches to History** does not just provide a useful overview of the new approaches to history it covers, but also offers insights into current historical debates and the process of historical method in the making. It demonstrates

how the discipline of history has responded to challenges in society – such as digitalization, globalization and environmental concerns – as well as in humanities and social sciences, such as the 'material turn', 'visual turn' or 'affective turn'. This is a key volume for all students of historiography wanting to keep their finger on the pulse of contemporary thinking in historical research.

Moby Dick Jun 13 2021 *Moby Dick* is a novel by American writer Herman Melville. The work is an epic sea story of Captain Ahab's voyage in pursuit of Moby Dick, a great white whale. A contemporary commercial failure and out of print at the time of the author's death in 1891, its reputation rose during the twentieth century. D.H. Lawrence called it "the greatest book of the sea ever written." Jorge Luis Borges praised the style: "Unforgettable phrases abound." Today it is considered one of the Great American Novels and a leading work of American Romanticism. The opening line, "Call me Ishmael," is one of the most recognizable opening lines in Western literature. Ishmael then narrates the voyage of the whaleship *Pequod*, commanded by Captain Ahab. Ahab has one purpose: revenge on Moby Dick, a ferocious, enigmatic white whale which on a previous voyage destroyed Ahab's ship and severed his leg at the knee. The detailed and realistic descriptions of whale hunting and the process of extracting whale oil, as well as life aboard ship among a culturally diverse crew, are mixed with exploration of class and social status, good and evil, and the existence of God. Melville uses a wide range of styles and literary devices ranging from lists and catalogs to Shakespearean stage directions, soliloquies, and asides.

Cognitive Support for Learning Nov 25 2019 This book addresses the various aspects of computational support systems for learners nowadays. It highlights in particular those learning aspects that rely heavily upon ones imagination of knowledge and new ideas. The question is how learners may become more effective through the use of highly graphical computer systems that now conquer almost every desk. As an extrapolation of the constructionist paradigm, learning is seen here as a process of conceptual design. Witnessing the prudent introduction of CADD software (Computer Aided Drafting and Design) it is obvious that users are generally scrupulous to accept the computer in the ideational stages of design. This book presents both existing conceptual techniques and those estimated to arrive in the few coming years. Its further evolution does not rely entirely on interactive systems; quite often we see that design methods remain long after the tools have been abandoned. One of the reasons that conceptual support has not particularly sustained in learning practices is that it demands the learner to make intuitive ideas explicit and thus forces the learner to reconsider existential factors like imagining and expressing the unknown; hard to reconcile with the traditional conversation style between teachers and students. Collaborative learning situations are a much better condition for conceptual negotiations. It is likely that Web-based learning communities will foster these more subtle stages in understanding as it provides less pressure to accept the authorities conclusion before the learner actually understands a certain topic.

Proceedings of the Art and Design International Conference (AnDIC 2016) Dec 07 2020 This book of conference proceedings contains papers presented at the Art and Design International Conference (AnDIC 2016). It examines the impact of Cyberology, also known as Internet Science, on the world of art and design. It looks at how the rapid growth of Cyberology and the creation of various applications and devices have influenced human relationships. The book discusses the impact of Cyberology on the behaviour, attitudes and perceptions of users, including the way they work and communicate. With a strong focus on how the Cyberology world influences and changes the methods and works of artists, this book features topics that are relevant to four key players - artists, intermediaries, policy makers, and the audience - in a cultural system, especially in the world of art and design. It examines the development, problems and issues of traditional cultural values, identity and new trends in contemporary art. Most importantly, the book attempts to discuss the past, present and future of art and design whilst looking at some underlying issues that need to be addressed collectively.

Global Development Goals and Linkages to Health and Sustainability Nov 06 2020 Global Development Goals and Linkages to Health and Sustainability is the summary of a public three-part webinar series hosted by the Global Environmental Health and Sustainable Development Innovation Collaborative between October and December, 2012. Experts within the fields of environmental and global health and members of government, academia, and civil society discussed global development goals that will focus on sustainable development to inform the Rio+20 post-2015 development agenda framework, which will likely be adopted at the September 2015 UN General Assembly. This report focuses on possible health-related measures and metrics that can be utilized for creating new Sustainable Development Goals as the Millennium Development Goals sunset in 2015, using existing measurements that can be adapted to track progress of global sustainable development and human health.

Keys for Writers Jun 01 2020 Strengths of KEYS FOR WRITERS include concise but complete explanations, ease of use (with ten color-coded tabs that clearly signal the book's content), strong ESL coverage, and outstanding student writing samples. New co-author Susan Miller-Cochran brings to this edition a framework for critical thinking that offers students a method for understanding and approaching rhetorical situations. Additionally, new exercises at the end of most parts let students check their understanding. In the documentation sections, Source Shots provide visual examples of how to document sources from print to Internet sources and from encyclopedia articles to MP3 selections. A new focus on writing in the disciplines helps students carry the framework for critical thinking into a variety of academic contexts, while new guidelines for thinking critically about sources helps students apply the framework to source evaluation. A new design provides stronger visual presentation of concepts to help students learn to think critically about their writing and use of sources. Each student text is packaged with a free Cengage Essential Reference Card to the MLA HANDBOOK, Eighth Edition. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Friedrich Nietzsche - Zwischen Musik, Philosophie und Ressentiment Dec 19 2021 Musik hat Nietzsche lebenslang fasziniert. Er wollte nicht nur die Tragödie, sondern die Welt aus dem ‚Geiste der Musik‘ verstehen. Er dachte musikalisch, seine Philosophie ist immer auch musikalische Philosophie, er hatte die Ambition, ein ‚musiktreibender Sokrates‘ zu sein. Mit eigenen Kompositionen, mit Worten, Bildern und Metaphern. Die Macht der Musik in ihrer Bedeutung für Nietzsche und ihre Rezeption bis in die Moderne ist das Hauptthema des vorliegenden Bandes. Es verbindet sich mit allgemeinem Interesse an Nietzsches Ästhetik und ihrer Wirkung auf moderne Philosophie, Kunst und Künstler. Wie sehr Fragen des Ressentiments als Machtfragen ethische und ästhetische Implikationen zusammen denken, zeigen weitere Beiträge des Bandes. Sie ‚erzählen‘ die Geschichte eines umstrittenen Begriffs, sie stellen ihn in den wissenschafts- und rezeptionsgeschichtlichen Kontext des Nietzscheschen Denkens, in die Nähe künstlerischer Inspiration und aktueller Forschungsergebnisse.

Handbook of Individual Differences, Learning, and Instruction Aug 15 2021 Written for teachers, trainers, and instructional designers -- anyone who is responsible for designing or preparing instruction -- this book begins with one basic premise: individual differences mediate learning at all levels and in all situations. That is, some learners find it easier or more difficult to learn some skills or to learn from certain forms of instruction because they vary in terms of aptitude, cognitive styles, personality, or learning styles. This volume describes most of the major differences in a readable and accessible way and demonstrates how to design various forms of instruction and predict the ease with which learners will acquire different skills. Most books that discuss any learner differences focus on those that characterize special education populations, whereas this book focuses on normal learners. Designed as a handbook, this volume is structured to provide easy and consistent access to information and answers, and prescriptions and hypotheses. When definitive answers are not possible because there is no research documentation, the authors suggest theories designed to stimulate future research.

Die Bücherdiebin Jan 20 2022 »Die Bücherdiebin« ist ein moderner Klassiker und Weltbestseller und wurde 2014 erfolgreich verfilmt. Molching bei München. Hans und Rosa Hubermann nehmen die kleine Liesel Meminger bei sich auf – für eine bescheidene Beihilfe, die ihnen die ersten Kriegsjahre kaum erträglicher macht. Für Liesel jedoch bricht eine Zeit voller Hoffnung, voll schieren Glücks an – in dem Augenblick, als sie zu stehen beginnt. Anfangs ist es nur ein Buch, das im Schnee liegen geblieben ist. Dann eines, das sie aus dem Feuer rettet. Dann Äpfel, Kartoffeln und Zwiebeln. Das Herz von Rudi. Die Herzen von Hans und Rosa Hubermann. Das Herz von Max. Und das des Todes. Denn selbst der Tod hat ein Herz. Eine unvergessliche Geschichte vom dunkelsten und doch brilliantesten aller Erzähler: dem Tod. Tragisch und witzige, zugleich wütend und zutiefst lebensbejahend – ein Meisterwerk.
