*Through the Looking Glass* Jun 26 2019 This collection gathers essays by Selma Lanes on the masters of children's literature that she most admires: Maurice Sendak, William Steig, Edward Gorey, L. Frank Baum, Tomi Ungerer, Jack Keats, Margot Zemach, and one editor of genius, Ursula Nordstrom. What concerns Ms. Lanes most is the integration of text and image, the abilities of authors and artists of picture books to somehow change our perceptions. In a larger sense, she asks, What makes some children's books work and others fail? How does art for the young reflect, distort or create a social perspective? No popular medium in our time has been as experimental, inventive, and simply alive as children's books.

**Acquainted with the Night** Jan 26 2022 We prepare for it each evening, and spend half our lives in its embrace, yet night retains its

mysteries. In *ACQUAINTED WITH THE NIGHT*, author and poet Christopher Dewdney takes readers on a fascinating journey through the nocturnal realm. Twelve chapters correspond to the twelve hours of an 'ideal' night, starting at 6pm and ending at 6am, and serve as points of departure for night's central themes; from sunsets, nocturnal animals, bedtime stories, festivals of the night, fireworks, nightclubs, astronomy, sleep and dreams, to the graveyard shift, ladies of the night, the art of night, and endless nights. With boundless curiosity, a lyrical, intimate tone, and an eye for night-time beauties both natural and manmade, Dewdney paints a captivating portrait of the hours of darkness.

**Literatur, Buchgestaltung und Buchkunst** May 06 2020 Die Materialität des Buchs, seine Gestaltungsformen und Funktionen werden zum einen durch Künstlerbücher erkundet, die sich seit den 1960er Jahren als eigenständige künstlerisches Genre profiliert haben, zum anderen sind sie aber auch Gegenstand literarischer Reflexion – in Werken, für die ihre jeweilige Buchgestalt konstitutiv ist. Das Handbuch widmet sich den vielfältigen Spielformen literarischer und künstlerischer Gestaltung des Buchs und ihren konvergenten Interessen. Ein besonderer Schwerpunkt liegt dabei auf solchen Künstlerbüchern, die in produktiver Auseinandersetzung mit literarischen Texten entstanden sind und diese durch buchgestalterische Mittel inszenieren, transformieren und reflektieren. Gegliedert in fünf Teile, bietet das Handbuch in Teil A Überblicksdarstellungen und Beispiele zu Themen der Buchreflexion wie Materialität, Visualität und Schriftlichkeit. Teil B gilt der literarisch-künstlerischen Rezeption historischer Buchtypen wie Atlas, Bestiarium und Enzyklopädie, Teil C ästhetischen Aspekten des Kinder- und des Bilderbuchs. In Teil D finden sich Artikel zu zentralen Konzepten und Formen literarisch-künstlerischer Buchgestaltung, in Teil E dann je 50 Beispiele buchgestalterischer Literatur und Literatur basierter Künstlerbücher.

**Enchanted Hunters: The Power of Stories in Childhood** Apr 16 2021 Highly illuminating for parents, vital for students and book lovers alike, *Enchanted Hunters* transforms our understanding of why children should read. Ever wondered why little children love listening to stories, why older ones get lost in certain books? In this enthralling work, Maria Tatar challenges many of our assumptions about childhood reading. Much as our culture pays lip service to the importance of literature, we rarely examine the creative and cognitive benefits of reading from infancy through adolescence. By exploring how beauty and horror operated in C.S. Lewis's *Chronicles of Narnia*, Philip Pullman's *His Dark Materials*, J.K. Rowling's *Harry Potter* novels, and many other narratives, Tatar provides a delightful work for parents, teachers, and general readers, not just examining how and what children read but also showing through vivid examples how literature transports and transforms children with its intoxicating, captivating, and occasionally terrifying energy. In the tradition of Bruno Bettelheim's landmark *The Uses of Enchantment*, Tatar's book is not only a compelling journey into

the world of childhood but a trip back for adult readers as well.

**Off with Their Heads!** Nov 11 2020 When fairy tales moved from workrooms, taverns, and the fireside into the nursery, they not only lost much of their irreverent, earthy humor but were also deprived of their contestatory stance to official culture. Children's literature, Maria Tatar maintains, has always been more intent on producing docile minds than playful bodies. From its inception, it has openly endorsed a productive discipline that condemns idleness and disobedience along with most forms of social resistance.

**Words about Pictures** Dec 25 2021 A pioneering study of a unique narrative form, *Words about Pictures* examines the special qualities of picture books--books intended to educate or tell stories to young children. Drawing from a number of aesthetic and literary sources, Perry Nodelman explores the ways in which the interplay of the verbal and visual aspects of picture books conveys more narrative information and stimulation than either medium could achieve alone. Moving from "baby" books, alphabet books, and word books to such well-known children's picture books as Nancy Ekholm Burkert's *Snow White and the Seven Dwarfs*, Gerald McDermott's *Arrow to the Sun*, Maurice Sendak's *Where the Wild Things Are*, and Chris Van Allsburg's *The Garden of Abdul Gasazi*, Nodelman reveals how picture-book narrative is affected by the exclusively visual information of picture-book design and illustration as well as by the relationships between pictures and their complementary texts.

*Psychoanalytic Responses to Children's Literature* Jun 30 2022 With the growing emphasis on theory in literary studies, psychoanalytic criticism is making notable contributions to literary interpretation. Sixteen chapters in this work explore the psychological subtexts of such important children's books as Carlo Collodi's *Pinocchio*, Roald Dahl's *James and the Giant Peach*, Kenneth Grahame's *The Wind in the Willows*, Louise Fitzhugh's *Harriet the Spy*, Mark Twain's *The Prince and the Pauper*, and E.B. White's *Charlotte's Web*. Drawing on the ideas of such psychoanalytic theorists as Sigmund Freud, Alice Miller, D.W. Winnicott and Jacques Lacan, it analyzes the psychological development of characters, examines reader responses, and studies the lives of authors and illustrators such as Beatrix Potter and Jessie Willcox Smith.

*Wild Things* Apr 04 2020 An irresistible, nostalgic, insightful—and “consistently intelligent and funny” (The New York Times Book Review)—ramble through classic children’s literature from Vanity Fair contributing editor (and father of two) Bruce Handy. The dour New England Primer, thought to be the first American children’s book, was first published in Boston in 1690. Offering children gems of advice such as “Strive to learn” and “Be not a dunce,” it was no fun at all. So how did we get from there to “Let the wild rumpus start”? And now that we’re living in a golden age of children’s literature, what can adults get out of reading *Where the Wild Things Are* and *Goodnight Moon*, or *Charlotte’s Web* and *Little House on the Prairie*? A “delightful excursion” (The Wall Street Journal), *Wild Things* revisits the classics of every American childhood, from fairy tales to *The Very Hungry Caterpillar*, and explores the back stories of their creators, using context and biography to understand how some of the most insightful, creative, and witty authors and

illustrators of their times created their often deeply personal masterpieces. Along the way, Handy learns what *The Cat in the Hat* says about anarchy and absentee parenting, which themes are shared by *The Runaway Bunny* and *Portnoy's Complaint*, and why *Ramona Quimby* is as true an American icon as *Tom Sawyer* or *Jay Gatsby*. It's a profound, eye-opening experience to re-encounter books that you once treasured decades ago. A clear-eyed love letter to the greatest children's books and authors from Louisa May Alcott and L. Frank Baum to Eric Carle, Dr. Seuss, Mildred D. Taylor, and E.B. White, *Wild Things* is "a spirited, perceptive, and just outright funny account that will surely leave its readers with a new appreciation for childhood favorites" (Publishers Weekly).

**Table Lands** Aug 21 2021 Food is a signifier of power for both adults and children, a sign of both inclusion and exclusion and of conformity and resistance. Many academic disciplines—from sociology to literary studies—have studied food and its function as a complex social discourse, and the wide variety of approaches to the topic provides multidisciplinary frames for understanding the construction and uses of food in all types of media, including children's literature. *Table Lands: Food in Children's Literature* is a survey of food's function in children's texts, showing how the sociocultural contexts of food reveal children's agency. Authors Kara K. Keeling and Scott T. Pollard examine texts that vary from historical to contemporary, noncanonical to classics, and Anglo-American to multicultural traditions, including a variety of genres, formats, and audiences: realism, fantasy, cookbooks, picture books, chapter books, YA novels, and film. *Table Lands* offers a unified approach to studying food in a wide variety of texts for children. Spanning nearly 150 years of children's literature, Keeling and Pollard's analysis covers a selection of texts that show the omnipresence of food in children's literature and culture and how they vary in representations of race, region, and class, due to the impact of these issues on food. Furthermore, they include not only classic children's books, such as *Winnie-the-Pooh*, but recent award-winning multicultural novels as well as cookbooks and even one film, Pixar's *Ratatouille*.

**Thinking and Learning through Children's Literature** Dec 13 2020 Much of teachers' attention these days is focused on having students read closely to ferret out the author's intended meaning and the devices used to convey that meaning. But we cannot forget to

guide students to have moving engagements with literature, because they need to make strong personal connections to books of merit if they are to become the next generation of readers: literate people with awareness of and concern for the diversity of human beings around them and in different times and places. Fortunately, guiding both students' personal engagement with literature and their close reading to appreciate the author's message and craft are not incompatible goals. This book enthusiastically and intelligently addresses both imperatives, first surveying what is gained when students are immersed in literature; then celebrating and explicating the main features of literature students need to understand to broaden their tastes and deepen their engagement, at the same time they meet external standards; then presenting a host of active methods for exploring all major genres of children's books; and finally presenting suggestions for interdisciplinary teaching units grounded in literature. Created by noted leaders in the fields of children's literature and literacy, the book is enlivened by recurring features such as suggested reading lists, issues for discussion, links to technology, and annotations of exemplary books.

**Inventing the Child** May 18 2021 Now in paperback, *Inventing the Child* is a highly entertaining, humorous, and at times acerbic account of what it means to be a child (and a parent) in America at the dawn of the new millennium. J. Zornado explores the history and development of the concept of childhood, starting with the works of Calvin, Freud, and Rousseau and culminating with the modern 'consumer' childhood of Dr. Spock and television. The volume discusses major media depictions of childhood and examines the ways in which parents use different forms of media to swaddle, educate, and entertain their children. Zornado argues that the stories we tell our children contain the ideologies of the dominant culture - which, more often than not, promote 'happiness' at all costs, materialism as the way to happiness, and above all, obedience to the dominant order.

Wild Visionary Aug 09 2020 *Wild Visionary* reconsiders Maurice Sendak's life and work in the context of his experience as a Jewish gay man. Maurice (Moishe) Bernard Sendak (1928–2012) was a fierce, romantic, and shockingly funny truth seeker who intervened in modern literature and culture. Raising the stakes of children's books, Sendak painted childhood with the dark realism and wild imagination of his own sensitive "inner child," drawing on the queer and Yiddish sensibilities that shaped his singular voice. Interweaving literary biography and cultural history, Golan Y. Moskowitz follows Sendak from his parents' Brooklyn home to spaces of creative growth and artistic vision—from neighborhood movie palaces to Hell's Kitchen, Greenwich Village, Fire Island, and the Connecticut country home he shared with Eugene Glynn, his partner of more than fifty years. Further, he analyzes Sendak's investment in the figure of the endangered child in symbolic relation to collective touchstones that impacted the artist's perspective—the Great Depression, the Holocaust, and the AIDS crisis. Through a deep exploration of Sendak's picture books, interviews, and previously unstudied personal correspondence, *Wild Visionary* offers a sensitive portrait of the most beloved and enchanting picture-book artist of our time.

*Fierce Bad Rabbits* Sep 09 2020 What is *The Tiger Who Came to Tea* really about? How is Meg and Mog related to Polish embroidery? And why does death in picture books involve being eaten? *Fierce Bad Rabbits* explores the stories behind our favourite picture books, weaving in tales of Clare Pollard's childhood reading and her re-discovery of the classic tales as a parent. Because the best picture books are far more complex than they seem - and darker too. Monsters can gobble up children and go unnoticed, power is not always used wisely, and the wild things are closer than you think. 'A gem . . . hard to put down. Thoroughly enjoyable' *Spectator* 'Essential reading for every thinking parent' Penelope Lively 'An enlightening, perceptive analysis of the books that build us' *Sunday Telegraph*, 5 star review 'A happy way to reconnect with old friends' *Times*

Children's Literature and New York City Oct 30 2019 This collection explores the significance of New York City in children's literature, stressing literary, political, and societal influences on writing for young people from the twentieth century to the present day.

Contextualized in light of contemporary critical and cultural theory, the chapters examine the varying ways in which children's literature has engaged with New York City as a city space, both in terms of (urban) realism and as an 'idea', such as the fantasy of the city as a place of opportunity, or other associations. The collection visits not only dominant themes, motifs, and tropes, but also the different narrative methods employed to tell readers about the history, function, physical structure, and conceptualization of New York City, acknowledging the shared or symbiotic relationship between literature and the city: just as literature can give imaginative 'reality' to the city, the city has the potential to shape the literary text. This book critically engages with most of the major forms and genres for children/young adults that dialogue with New York City, and considers such authors as Margaret Wise Brown, Felice Holman, E. L. Konigsburg, Maurice Sendak, J. D. Salinger, John Donovan, Shaun Tan, Elizabeth Enright, and Patti Smith.

*There's a Mystery There* Jun 06 2020 An extraordinary, path-breaking, and penetrating book on the life and work and creative inspirations of the great children's book genius Maurice Sendak, who since his death in 2012 has only grown in his stature and recognition as a major American artist, period. Polymath and master interviewer Jonathan Cott first interviewed Maurice Sendak in 1976 for Rolling Stone, just at the time when *Outside Over There*, the concluding and by far the strangest volume of a trilogy that began with *Where The Wild Things Are* and *In the Night Kitchen*, was gestating. Over the course of their wide-ranging and revelatory conversation about his life, work, and the fantasies and obsessions that drove his creative process, they focused on many of the themes and images that would appear in the new book five years later. Drawing on that interview, *There's a Mystery There* is a profound examination of the inner workings of a complicated genius's torments and inspirations that ranges over the entirety of his work and his formative life experiences, and uses *Outside Over There*, brilliantly and originally, as the key to understanding just what made this extravagantly talented man tick. To gain multiple perspectives on that intricate and multifaceted book, Cott also turns to four "companion guides": a Freudian analyst, a Jungian analyst, an art historian, and Sendak's great friend and admirer, the playwright Tony

Kushner. The book is richly illustrated with examples from Sendak's work and other related images.
