Light on Snow Nov 10 2020 What makes a family? That's what twelve-year-old Nicky Dillon wonders after she and her widowed father discover a wailing abandoned baby in the snow-filled woods near their New Hampshire home. Through the days that follow, the Dillons and an unexpected visitor who soon turns up at their door-a young woman evidently haunted by her own terrible choices-face a thicket of decisions, each seeming to carry equal possibilities of heartbreak and redemption. Writing with all the emotional resonance that has drawn millions of readers around the world to her fiction, Anita Shreve unfolds in Light on Snow a tender and surprising novel about love and its consequences.

Snow and Ice Control Manual for Transportation Facilities Feb 11 2021

Control snow and ice with greater effectiveness and efficiency This manual explains how to hone techniques and curb costs while providing safe and effective snow and ice control service, regardless of road network type or size. The book provides everything you need to know to counter cold weather: how to match technique to conditions; equipment needs; managing your work force; maintaining safe, trafficable roadways; predicting conditions; the importance of temperature; thermal methods; how to avoid common ice problems; how to make best use of liquid and solid ice control chemicals;

controlling blowing snow; airport maintenance; sidewalk maintenance; and more.

Snow Engineering 2000: Recent Advances and Developments Oct 10 2020 This volume presents the background to the recently developed European standard (CEN standard) on snow loads. Many of the papers on "structural engineering" describe results from a European snow project that was completed in 1999.

Snow Country Dec 24 2021 In the 87 issues of Snow Country published between 1988 and 1999, the reader can find the defining coverage of mountain resorts, ski technique and equipment, racing, cross-country touring, and the growing sport of snowboarding during a period of radical change. The award-winning magazine of mountain sports and living tracks the environmental impact of ski area development, and people moving to the mountains to work and live.

Snow and Climate Jun 05 2020 The extent and variability of seasonal snow cover are important parameters in the climate system, due to their effects on energy and moisture budgets, and because surface temperature is highly dependent on snow cover. In turn, snow cover trends serve as key indicators of climate change. Many distinct techniques have become available to study snow-climate relationships. Satellites provided the first capability for monitoring snow cover extent at continental and hemispheric scales, and there have been rapid advances in snow modeling physics to represent snow cover and snow processes in Global Climate Models (GCMs). These advances have changed the way we look at snow cover. The main goal of this book is to provide a synthesis of the prevailing state of snow-climate science that reflects this distinct perspective. This volume provides an excellent synthesis for researchers and advanced students.

First Snow on Fuji Nov 30 2019 A collection of stories explores characters broken by war, loss, and longing

Girls Made of Snow and Glass Oct 02 2022 At sixteen, Mina's mother is dead, her magician father is vicious, and her silent heart has never beat with love for anyone - has never beat at all, in fact, but she'd always thought that fact normal. She never guessed that her father cut out her heart and replaced it with one of glass. When she moves to Whitespring Castle and sees its king for the first time, Mina forms a plan: win the king's heart with her beauty, become queen, and finally know love. The only catch is that she'll have to become a stepmother. Fifteen-year-old Lynet looks just like her late mother, and one day she discovers why: a magician created her out of snow in the dead queen's image, at her father's order. But despite being the dead queen made flesh, Lynet would rather be like her fierce and regal stepmother, Mina. She gets her wish when her father makes Lynet queen of the southern territories, displacing Mina. Now Mina is starting to look at Lynet with something like hatred, and Lynet must decide what to do - and who to be - to win back the only mother she's ever known...or else defeat her once and for all. Entwining the stories of both Lynet and Mina in the past and present, Girls Made of Snow and Glass traces the relationship of two young

women doomed to be rivals from the start. Only one can win all, while the other must lose everything-unless both can find a way to reshape themselves and their story.

Snow Much Fun! Jun 25 2019 A charming picture about the joys of a snowy day, featuring handmade felt characters--just perfect for reading by the fire. The first snowflakes are finally falling--and Berry and Ginger are SNOW ready! They can't wait to be sledding, ice-skating, and snowman-building. But Willow is not so sure... A celebration of friendship and winter wonder, this is a cozy treat for young readers.

Snow and Steel Jul 19 2021 Snow and Steel will be a huge reassessment of Hitler's last great throw of the dice: 'The Battle of the Bulge', the battle for the Ardennes 16 December 1944 to 25 January 1945. This is an utterly fascinating five weeks when for a time it looked like Hitler had outflanked the allied armies pushing toward the Rhine and might just throw them back to the Normandy beaches. It is also the context for the catastrophic events at Bastogne depicted so graphically in Band of Brothers. For military history fans this is one of those touchstone battles of the second world war, written by an author with a fast growing, world-wide reputation. Peter will use primary archival material and personal interviews to write a controversial, commercial, landmark book.

Dark Tides Aug 27 2019 #1 New York Times bestselling author of Tidelands—the “searing portrait of a woman that resonates across the ages” (People)—returns with an evocative historical novel tracking the rise of the Tidelands family in London, Venice, and New England. Midsummer Eve 1670. Two unexpected visitors arrive at a shabby warehouse on the south side of the River Thames. The first is a wealthy nobleman seeking the lover he deserted twenty-one years earlier. Now James Avery has everything to offer: a fortune, a title, and the favor of the newly restored King Charles II. He believes that the warehouse's poor owner Alinor has the one thing he cannot buy—his son and heir. The second visitor is a beautiful widow from Venice in deepest mourning. She claims Alinor as her mother-in-law and tells her of the death of Rob—Alinor's son—drowned in the dark tides of the Venice lagoon. Meanwhile, Alinor's brother Ned, in faraway New England, is making a life for himself between in the narrowing space between the jarring worlds of the English newcomers and the American Indians as they move towards inevitable war. Alinor writes to him that she knows—without doubt—that her son is alive and the widow is an imposter. But how can she prove it? Set in the poverty and glamour of Restoration London, in the golden streets of Venice, and on the tensely contested frontier of early America, this is a novel of greed and desire: for love, for wealth, for a child, and for home.

Cover of Snow Jan 31 2020 WINNER OF THE MARY HIGGINS CLARK AWARD Jenny Milchman's Cover of Snow is a remarkable debut, a gripping tale of suspense in the tradition of Gillian Flynn, Chris Bohjalian, and Nancy Pickard.

Waking up one wintry morning in her old farmhouse nestled in the Adirondack Mountains of New York, Nora Hamilton instantly knows that something is wrong. When her fog of sleep clears, she finds her world is suddenly,

irretrievably shattered: Her husband, Brendan, has committed suicide. The first few hours following Nora's devastating discovery pass for her in a blur of numbness and disbelief. Then, a disturbing awareness slowly settles in: Brendan left no note and gave no indication that he was contemplating taking his own life. Why would a rock-solid police officer with unwavering affection for his wife, job, and quaint hometown suddenly choose to end it all? Having spent a lifetime avoiding hard truths, Nora must now start facing them. Unraveling her late husband's final days, Nora searches for an explanation—but finds a bewildering resistance from Brendan's best friend and partner, his fellow police officers, and his brittle mother. It quickly becomes clear to Nora that she is asking questions no one wants to answer. For beneath the soft cover of snow lies a powerful conspiracy that will stop at nothing to keep its presence unknown . . . and its darkest secrets hidden. Praise for *Cover of Snow* "Well-defined characters take us on an emotional roller-coaster ride through the darkest night, with blinding twists and occasionally fatal turns. This is a richly woven story that not only looks at the devastating effects of suicide but also examines life in a small town and explores the complexity of marriage. Fans of Nancy Pickard, Margaret Maron, and C. J. Box will be delighted to find this new author."—Booklist (starred review) "Milchman reveals an intimate knowledge of the psychology of grief, along with a painterly gift for converting frozen feelings into scenes of a forbidding winter landscape."—The New York Times "Milchman makes [readers] feel the chill right down to their bones and casts a particularly effective mood in this stylish thriller."—Kirkus Reviews "Milchman tackles small-town angst where evil can simmer under the surface with a breathless energy and a feel for realistic characters."—The Seattle Times "The plot unfolds at an excellent clip . . . ultimately rushing headlong to a series of startling revelations."—San Francisco Journal of Books "Milchman expertly conveys Nora's grief in a way that will warm hearts even in the dead of a Wedeskyull winter."—Publishers Weekly (starred review)

SNOW IN AMER Sep 28 2019 Snow . . . symbol of a "howling wilderness" that has forged the hardy American character. Drawing from works of art, poetry, literature, film, history, and public policy, the author discusses snow as a metaphor for both chaos and order; traces the development of snow technologies such as the shovel, the gauge, and the plow; and explains the importance of snow surveys for climate regulation. 47 illustrations.

Das kleine Buch vom Schnee Jan 25 2022 Sind wirklich keine zwei Schneeflocken gleich? Wie baut man ein Iglu? Und wie lebt es sich im ewigen Schnee? Sally Coulthard, begeisterte Natur-Autorin, präsentiert Geschichten, unbekannte Fakten, Wissenswertes und Lustiges rund ums weiße Wunder – eine liebevoll zusammengestellte Schneelektüre für jede Jahreszeit, kühl-erfrischend und herzerwärmend zugleich. Für Schnee-Liebhaber und Schnee-Nostalgiker: Weiße Weihnachten zum Verschenken!

The Early Tales of Snow and Oakham Nov 03 2022 "A singular novel of hardship, hope, forgiveness, legacy and redemption, *Snow and Oakham* is a powerful, very important debut novel that is epic in its scope. Beautiful, intricate, frequently stunning, this story reaches, almost literally, into every corner of the globe, and even further into the human heart.

Extraordinary." Edward Cruz A rite of passage, an adventure saga, and a redemption tale wrapped into one. "Snow and Oakham" is a story told across five continents: paying visit to a world of orphans and villains, heroes and slaves, cannibals and saints - all seen through the eyes of two brothers thrust into an adventure for the ages. When they are told that their birthright is buried in the Wild West End orphans Henry Snow and Jack Oakham set out to discover where they came from. And thus begins a journey to answer questions at the heart of every man. A saga about fathers and sons and the cost of forgiveness, "The Early Tales of Snow and Oakham is, '... An important, sprawling work with a lion's share of tenderness. It is proof that rip-roaring adventure is alive and well.'" Socratic Ventures The Early Tales of Snow and Oakham is the first novel by Philip Chavanne, who traveled for seven years to collect the stories in this book. Alongside his wife and his two daughters he manages a ranch in the Texas Hill Country.

A Breath of Snow and Ashes Sep 01 2022 Eagerly anticipated by her legions of fans, this sixth novel in Diana Gabaldon's bestselling Outlander saga is a masterpiece of historical fiction from one of the most popular authors of our time. Since the initial publication of Outlander fifteen years ago, Diana Gabaldon's New York Times bestselling saga has won the hearts of readers the world over — and sold more than twelve million books. Now, A Breath of Snow and Ashes continues the extraordinary story of 18th-century Scotsman Jamie Fraser and his 20th-century wife, Claire. The year is 1772, and on the eve of the American Revolution, the long fuse of rebellion has already been lit. Men lie dead in the streets of Boston, and in the backwoods of North Carolina, isolated cabins burn in the forest. With chaos brewing, the governor calls upon Jamie Fraser to unite the backcountry and safeguard the colony for King and Crown. But from his wife Jamie knows that three years hence the shot heard round the world will be fired, and the result will be independence — with those loyal to the King either dead or in exile. And there is also the matter of a tiny clipping from The Wilmington Gazette, dated 1776, which reports Jamie's death, along with his kin. For once, he hopes, his time-traveling family may be wrong about the future.

Snow Country May 29 2022 In the 87 issues of Snow Country published between 1988 and 1999, the reader can find the defining coverage of mountain resorts, ski technique and equipment, racing, cross-country touring, and the growing sport of snowboarding during a period of radical change. The award-winning magazine of mountain sports and living tracks the environmental impact of ski area development, and people moving to the mountains to work and live.

Snow in Vietnam Mar 15 2021 If you take elements of Clementine Wamariya's memoir, THE GIRL WHO SMILED BEADS, and Oliver Stone's docudrama, HEAVEN & EARTH, then throw in small sprinkles of Kevin Kwon's CRAZY RICH ASIANS, you'll get Amy M. Le's debut historical fiction novel, SNOW IN VIETNAM. There are elements of humor, romance and heartache injected throughout these pages of fear and uncertainty. Strength from family and trust in oneself are at the heart of this book. Growing up in war-torn Vietnam was normal, even idyllic at times, for Snow, the youngest of seven children in her family. Although her heart belongs to an American GI, she honors her father by marrying a Vietnamese man. Her halcyon life unravels as the Vietnam War ravages her country and the threat of communism culminates with the fall of

Saigon. Life in unified Vietnam under the new regime becomes unbearable. Betrayed by her husband and left with a dying child to raise, Snow must set aside her morals and push herself to the limit emotionally, physically and mentally, to buy her way out of the country. Her decision to escape and find sanctuary in America takes her adrift in the South China Sea and the Gulf of Thailand with her daughter, nephew, and other boat refugees. For days, they are at the mercy of pirates, storms, and dire conditions. Ultimately, Snow settles into a refugee camp on the island of Galang in Indonesia, but life there is deplorable. The threat of repatriation and the will to keep her family alive keeps her motivated to hustle for a ticket to freedom. SNOW IN VIETNAM was written to honor the memory of the author's mother. The novel was a finalist for the 2018 Pacific Northwest Writers Association literary award. This story is dedicated to the boat people of Vietnam and all the refugees who risked their lives in a desperate search for safety and freedom.

C.P. Snow's Strangers and Brothers as Mid-twentieth-century History

Jul 07

2020 This book studies C.P. Snow's eleven-volume series of novels (Strangers and Brothers) as documents detailing the social and political life of mid-twentieth-century Britain, and points out the uses for the novels in the academic study of that time period. Both Snow and his central character, Lewis S. Eliot, started from unremarkable origins in terms of their mutual background in the lower reaches of the middle class, their dreams of success in their teen years, and their early professional education in a new, struggling academic institution in the mid-1920s. Neither could really be considered typical for men of their class. Eliot's working life would include being a very minor town clerk, a barrister, an advisor to a powerful industrialist, a Cambridge don, a moderately powerful civil servant, and finally, in early retirement, a writer. Eliot would befriend members of both the traditional and Jewish upper classes, scholars and brilliant scientists, powerful behind-the-scenes civil servants, second-tier British and Nazi politicians, financiers and industrialists, Communists, and writers and artists, providing a fairly broad overview of parts of the middle class and ruling elites of the periods. Snow's sequence of novels is therefore useful to the historian of twentieth-century Britain, both in understanding the period as it recedes away from common experience and in presenting the period in the classroom. Snow was a classic twentieth-century writer who presented a more balanced account of the British «governing classes» of the middle third of the twentieth century than did the upper-class (and would-be upper-class) or working-class writers of the same period. His novels provide an insight that every student of twentieth-century Britain must have on hand.

Snow Jun 17 2021 The boy with the dog watched the snow come down one flake at a time. He watched it build until the city was covered with snow and was fill with awe.

A Time of Renewal Sep 20 2021 The author's departure from his beloved Fijian Service to become Bursar of Rugby School was heart-rending for him. However, a major factor in his decision was the chance to see more of his older brother, the novelist C.P. Snow. Philip himself was a character in

three of his brother's novels and as his brother's reputation grew (not only as a novelist but also as a minister in Harold Wilson's government and later, in the House of Lords) new opportunities were opened to Philip. So his story reads like a social history from the 1950s onwards, since he found himself rubbing shoulders with eminent figures from a variety of fields - cricket, arts and letters, politics, the armed services, the law, academia and royalty.

The Boy Made of Snow Sep 08 2020 In a sleepy English village in 1944, Annabel and her son Daniel live in the shadow of war. With her husband away, Annabel begins to lose her grip on reality. When mother and son befriend Hans, a German PoW consigned to a nearby farm, their lives are suddenly filled with thrilling secrets. To Annabel, Hans is an awakening from the darkness that has engulfed her since Daniel's birth. To her son, a solitary boy caught up in the magical world of fairy tales, he is perhaps a prince in disguise. But Hans has plans of his own and will soon set them into motion with devastating consequences. 'Original and unsettling - and just a little bit heartbreaking' Rachel Rhys, author of *Dangerous Crossing*

Fifty Words for Snow Aug 20 2021 Snow. In Japan it is Yuki-onna - 'a goddess'. In Icelandic, Hundslappadrifa - 'flakes as big as a dog's paw'. In Hawai'ian, snow is hau - 'mother of pearl', but also 'love'. Every language and culture has its own words for the feathery, jewel-like flakes that fall from the sky. From Iceland to Greenland, mountain top to frozen forest, school yard to park, snow is welcomed, feared, played with and prized. In this lyrical, evocative and beautiful book, Arctic traveller and award-winning writer Nancy Campbell digs deep into the meanings, etymologies and histories of fifty words for snow from across the globe. Held under her magnifying glass, each of these linguistic snow crystals offers a whole world of myth, culture and story.

House of Snow Mar 27 2022

Deep Apr 27 2022 In his stunning first book, veteran ski writer Porter Fox captures the 8,000-year-old sport of skiing, the miracle of snow and the shocking truth of how climate change could wipe out both in the next 75 years. The narrative follows the unlikely rise of skiing from prehistoric Norwegian hunters to nobility in the Alps in the 1800s to present-day freeriders on the vaunted slopes of the Rocky Mountains. On his global tour of the most celebrated mountains in the Northern Hemisphere?from Washington?s Cascade Range to the European Alps?Fox talks to alpinists about the allure and mysticism of the sport and to scientists about climate change and its effect on snow?ultimately finding a story that is far larger than the demise of skiing.
