[Jukeboxes](#) Apr 23 2022 This work traces the history of the jukebox from its origins in the invention of the phonograph by Thomas Edison in the 1880s up to its relative modern obscurity. The jukebox's first twenty years were essentially experimental because of low technical quality and other limitations. It then practically disappeared for a quarter-century, beaten out by the player piano coin-operated music machine of choice. But then, new and improved, it reemerged and quickly spread in popularity across America largely as a result of the repeal of Prohibition and the increased number of bars around the nation. Other socially important aspects of the jukebox's development are also covered: it played patriotic tunes during wartime and, located in youth centers, entertained people and kept them out of "trouble." The industry's one last fling due to a healthy export trade is also covered, and the boom out with the decline in the 1950s and the fadeout into obscurity. Richly illustrated.

[Electronic Classics](#) Feb 27 2020 Vintage Radio, Television and Hi-Fi are highly popular 'modern antiques' - and offer the added challenge for restorers of the repair of classic valve-based circuits. This highly readable book encompasses all aspects of buying, collecting, restoring, repairing, sourcing parts, professional services, clubs and societies, etc. Covering the technical side as well as collecting, this book offers the most comprehensive coverage available. The first half of the book deals primarily with technical aspects of restoration, what components are needed and where they can be found. The second half of the book provides a wealth of information: names and addresses of clubs and societies, auctions and antique fairs; a professional services directory; how to obtain service data. Armed with this book the enthusiast will be able to tackle the restoration of a vintage machine with confidence. This popular type of 'modern antique' covers technical aspects of classic valve-based circuitry. The most complete work for vintage radio and TV enthusiasts, dealers and repairers.
